Management Discussion And Analysis

1) OVERVIEW OF THE GROUP'S BUSINESS AND OPERATIONS

Homeritz Corporation Berhad ("Homeritz" or "the Group") is one of the leading upholstered home furniture manufacturers in Malaysia. The Group is principally an integrated Original Design Manufacturer ("ODM") and Original Equipment Manufacturer ("OEM") player that produces a complete range of upholstered home furniture products. As an ODM, we design and manufacture furniture for sale to our customers whereas, as an OEM, we manufacture furniture based on the designs provided to us. The Group's customers are mainly overseas wholesalers and retailers. The Group's primary activity revolves around the design, manufacture and sale of upholstered home furniture which includes the following products: -

- upholstered sofas;
- upholstered dining chairs;
- upholstered bed frames; and
- other home furniture such as cushion seats, sofa beds and tables.

Our products are mainly focused on 'medium to high-end range' of upholstered home furniture and the designs are mostly catered to Western stylishness and preferences which are our focused markets. Presently, we export our products to more than 40 countries across the world covering Europe, Australasia, North and South America, Asia and Africa.

Presently, the Group's manufacturing plants are all located in Kawasan Perindustrian Bukit Bakri, Muar, Johor. The close vicinity of all plants enables the Company to facilitate administrative control and to have better control over production costs as well as quality of their products, leading to greater efficiency, economic of scale and quicker time-to-market.

The following are business strategies to sustain and expand our business: -

- Strengthen our R&D capabilities to continue improving on existing designs in order to develop new innovative designs.
- Continually upgrade our equipment and machinery to boost efficiency and productivity and to enhance our product quality.
- Diligently seek and test new raw materials to facilitate production of quality products at competitive costs.
- Continue to diversify and introduce new products to clients.
- Adopt more aggressive marketing strategies and to continue to work hand-in-hand with our clients to secure bigger segments of the market.
- Improve production efficiency, hence becoming more competitive in pricing.
- Continually motivate our staff and personnel to achieve the highest level of commitment and performance.

a) Revenue

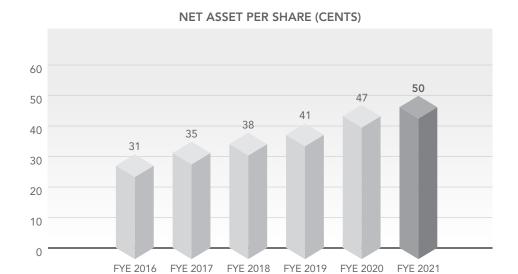

The Group's revenue for FYE 2021 increased by 6.1% compared with the corresponding period of the last financial year. This was mainly attributed to the increase in volume sold.

b) Profit before tax

For FYE 2021, the Group's PBT decreased by 9.1% to RM27.709 million. The lower PBT recorded in FYE 2021 was mainly due to the rising of certain materials cost, the weakening of US Dollars and temporary stoppage for approximately 14 weeks in FYE 2021 during Movement Control Order 3.0 ("MCO 3.0").

c) Net Asset per Share

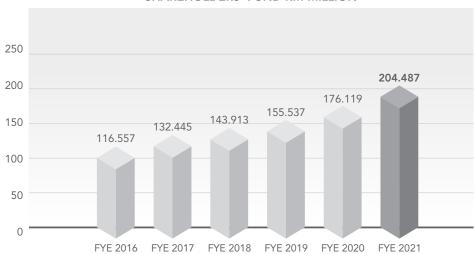

The following chart illustrates the Group's Net Asset per Share of the Group since FYE 2016:

d) Shareholders' fund

The following chart illustrates the Shareholders' Fund of the Group since FYE 2016:

SHAREHOLDERS' FUND RM MILLION

e) Financial position and liquidity

The financial position and liquidity of the Group remains strong in FYE 2021, with average inventory turnover period of about 4 months and average trade receivables and payable turnover period of about 1 month at the end of FYE 2021. The Group is in net cash position with no bank borrowing.

f) Capital expenditure, infrastructure and resources

To support the business growth, the Group continually upgrades the infrastructure, equipment and machinery to boost efficiency and productivity and to enhance the product quality. The Group's capital expenditure incurred for FYE 2021 amounted to about RM14 million, of which a substantial amount of about RM 9.5 million was utilised for acquiring new equipment, machineries in new plant and upgrading existing machineries and equipment and remaining for balance payment in construction of a new plant and progress payment made for purchase of new land under Muar Furniture Park and other assets.

g) Known trends and events

Known trends and events that are reasonably likely to have a material effect on the Group's operations, performance, financial condition and liquidity are those disclosed under risk relating to the business as set out on pages 4 to 6 of this Annual Report.

3) RISKS RELATING TO THE BUSINESS

a) Foreign Currency Exchange Risk

Most of the Group's products are exported to foreign countries, primarily those in Europe, Australasia, North and South America, Asia and Africa while certain raw materials like leather, PU and fabric are sourced from foreign countries such as Italy, India, Vietnam, Korea, Thailand and China.

The Group is exposed to foreign currency exchange risks as approximately 94% and 60% of our revenue and total purchases of raw materials respectively are denominated in USD. Fluctuations in USD exchange rate will have an impact on the prices of imported raw materials as well as export earnings, which will in turn affect the profitability of the Group. The Group's profit margin is generally expected to improve if the USD strengthens against RM which will then increase the profitability. Conversely, the weakening of USD against RM would generally reduce our profitability due to lower profit margin, dependent on the extent and effectiveness of the hedging strategies adopted.

At present, the Group have credit lines for foreign exchange forward contracts with several financial institutions. Should the need arises, the management can readily utilise such forward contracts to hedge the fluctuations in exchange rates between RM and USD, after taking into account the exposure period and the related transaction costs. Further, the Group also maintain a foreign currency account to facilitate the receipt of revenue collections which are denominated in USD to pay for some of our purchases which are also denominated in USD. Thus, it provides some form of natural hedging against any adverse foreign exchange fluctuations.

Notwithstanding the above, there is no assurance that any adverse fluctuations in foreign exchange rates would not have a material impact on the Group's financial performance.

b) Labour Market

The furniture industry is a labour-intensive one. As such, the Group is subject to risk of labour shortages and increase in labour costs. In addition, the Group has to resort to recruiting foreign workers as we face difficulty in employing local workforce. Hence, the Group is required to comply with the policies imposed by the Government of Malaysia with regards to the employment of these foreign workers. Any future changes to such policies may adversely affect our ability to employ foreign workers. In such event, if the Group is unable to find suitable replacements, the production would be interrupted and consequently, the Group's revenue and profits would be adversely affected as well.

The Group actively liaise with the relevant Government and recruitment agencies for timely renewals of work permits of such foreign workers in adherence to the Government's policies. In addition, the Group endeavours to ensure all the foreign workers operate in a safe and conducive working environment. Measures that the Group has implemented include the enforcement of stringent safety measures to prevent hazards or any untoward events from occurring in the work environment, and provision of access to medical treatment, where necessary.

Competitive remuneration and benefits packages, as well as training and career development opportunities are also extended to the foreign workers. Consequently, all efforts have resulted in the Group enjoying a cordial working relationship with foreign workers.

Nevertheless, the risk of overdependence on labour is partly mitigated by the usage of automated equipment and machinery wherever possible in certain manufacturing processes of the Group. Through research activities, the management would also endeavour to review and improve the manufacturing process flow and techniques in order to minimise human handling and increase efficiency.

c) Availability and Volatility in Prices of Raw Materials

Prices of certain raw materials used in the production such as leather, wood and wood frame, foam, PU and fabric may fluctuate rapidly due to intervening factors such as global demand and supply conditions. As such, the prices of raw materials at the point of commitment to the customers may differ from those at the time of actual billing. Raw leather hide is the principal raw material in the Group's upholstered furniture. As such, the cost of upholstered furniture is exposed to fluctuations in the price of cattle raw hide. The supply of cattle raw hide is principally dependent on the consumption of beef. Fluctuations in the price of raw leather hides will significantly affect operating margins. If there are significant increases in the costs of the major raw materials and the Group is unable to pass on such increases in the costs to the customers or find alternative sources for such raw materials at competitive prices, the Group's financial performance may be adversely affected.

d) Unfavourable Economic, Social and Political Conditions

Any adverse change in the political, economic and regulatory environment and uncertainties in Malaysia and regions where we operate could have unfavourable effect on the Group's financial and business prospects. These include but not limited to the risk of war, terrorist attacks, riots, changes in political leadership, global economic downturn and unfavourable changes in government policies such as changes in the methods of taxation, interest rates, licensing or introduction of new regulations. Whilst the Group would continue to take effective measures such as prudent financial management and continually seeking new markets, there is no assurance that any change to these factors will not materially and adversely affect our financial position or business in the future.

e) Covid-19 Pandemic and Movement control order ("MCO")

During the financial year, the Malaysian Government implemented various types and phases of movement control order throughout the country where restrictions were either relaxed and/or tightened for certain states, districts and/or location based on the number of daily and active Covid-19 cases in the respective areas. Following the further imposition of full movement control order ("FMCO") since 1 June 2021, all economic sectors are not allowed to operate except the essential services and economic sectors identified by the National Security Council.

During the FMCO period, the Company ceased its business operation. However, on 11 June 2021, Majlis Keselamatan Negara (MKN) has agreed to allow all loading and unloading activities of non-essential cargo at factory warehouses which only involve deliveries and receiving of cargo or removal of cargo for the purpose of import and export from/to ports and airports during the FMCO period. The Ministry of Transport (MOT) has issued an updated Standard Operating Procedures (SOP) for Transport and Logistics and guidelines for loading or unloading on 15 June 2021. Hence, the Company had been allowed to load or unload the cargo starting from 15 June 2021.

Overall, the Covid-19 global pandemic has not resulted in any material impairment to the Group's assets (including inventories and receivables) as of 31 August 2021 or affected the Group's ability to continue its business as a going concern. Same for the cessation of business operations during FMCO, the Covid-19 global pandemic did not have any material impact on the Group's operations and financial performance for the financial year ended 31 August 2021.

The Group has resumed its business operations on 17 September 2021 when their workers have observed a 14-day waiting period after their full inoculation.

The Group will continuously monitor the development of Covid-19 pandemic, and the disruption to its business activities caused by the prolonged effect of such pandemic and/or restrictions in the market which the Group operate and/or any subsequent MCO or similar measure imposed by Malaysia Government and evaluate their impact on the financial position, cash flows and operating results of the Group.

However, the extent to which Covid-19 impacts the results of the Company will depend on the future development on Covid-19, which are highly uncertain and unpredictable. As a result, the management will continue to manage and assess the impact to the Company of the ongoing Covid-19.

4) FUTURE PROSPECT AND OUTLOOK OF THE GROUP

In view of the financial performance of the Group in FYE 2021, the Board of Directors is proposing a final single-tier tax exempt dividend of 0.6 cent per ordinary share for shareholders' approval at the forthcoming Annual General Meeting.

Our Group is operating in global economic uncertainties as well as facing increases in their production costs, fluctuation in foreign exchange rates and the Covid-19 pandemic. Moving forward, our Group will continue to remain focused in its core business and to develop new products, new design for existing products, derive better cost efficiencies and effective cost management across all functions.

The Board expects that our Group will continue to be profitable in the financial year ending 2022.

Sustainability Statement

The Board of Directors of Homeritz Corporation Berhad ("Company" or Homeritz") ("The Board") is pleased to present our Sustainability Statement ("Statement") for the financial year ended 31 August 2021 ("FYE 2021") of the Company. Sustainability has always been an integral part of the business of the Company and its subsidiary companies ("the Group").

This Statement has been prepared in accordance with the Sustainability Reporting Guide issued by Bursa Malaysia Securities Berhad ("Bursa Securities").

Our sustainability efforts represent our commitment towards maximising opportunities and efficiency to continuously operate as a profitable entity and to create long term values to all stakeholders after taking into consideration the aspects of economic, environment and social ("EES").

SUSTAINABILITY GOVERNANCE STRUCTURE

The Group has an Executive Risk Management Committee ("ERMC"), which is chaired by the Group Managing Director and comprises senior management of the Group, to provide oversight and added impetus to the risk management process. With the advent of sustainability reporting, the ERMC takes on the additional oversight role of monitoring sustainability activities, where the relevant material sustainability matters ("MSM") are identified by the ERMC in tandem with the normal risk management initiatives. The ERMC report to the Audit and Risk Management Committee ("ARMC") on the sustainability developments on an annual basis.

Sustainability Governance Structure

MATERIALITY ASSESSMENT PROCESS

The ERMC conducts a materiality review every year to identify the MSM that are important and relevant to the Group and its stakeholders. The result would assist the Group to manage the MSM. The Group's materiality assessment comprises the following steps:

Objective & Scope

This report covers information on all of the Group's entities in Malaysia from 1 September 2020 to 31 August 2021 focused on the business of design, manufacture and sale of furniture products, unless stated otherwise.

Identification

The process initiated with sustainability issues relevant to the Group and its stakeholders. Discussion and meeting within the top management and middle management in generating the list of MSM.

Sustainability Statement (Cont'd)

Stakeholder Engagement

Our interaction involves a large number of different stakeholder groups and this kind of engagement is important to ensure we can identify, prioritize and address material matters and be adopted in our business strategies. The business and functional units are empowered to interact with their respective stakeholders on their chosen platforms. All issues raised by stakeholders are brought to the attention of the Management Committee or Management Meetings by the respective business and functional units. Ongoing engagements where applicable are carried out on a regular basis as they are integral to our business development, relationships with stakeholders and commitment to sustainability.

Our key stakeholders are outlines on the below table, along with the forms of engagement and key topics of interest that we seek to address:

ANNUAL REPORT 2021

Sustainability Statement (Cont'd)

Prioritisation & Board Approval

The ERMC will conduct an anonymous voting exercise to rate and priorities MSM. The MSM list will table to the Board by ARMC for the Board approval.

Review

Approves MSM will continue to be re-assessed in subsequent reporting periods to ensure that the reported MSM remain relevant and materials.

MATERIAL SUSTAINABILITY MATTERS

The Group has identified the following material sustainability matters and taken the relevant measures in managing the material sustainability matters: -

ECONOMIC

Exchange Rate Fluctuations

As an exporter, exchange rate fluctuations are factors that directly affect our sales demand and revenue, which affect our financial health and business outlook.

Most of the Group's products are exported to foreign countries, primarily those in Europe, Australasia, North and South America, Asia and Africa while certain raw materials are sourced from foreign countries such as India, Italy, Vietnam, Korea, Thailand and China.

At present, we have credit lines for foreign exchange forward contracts with several financial institutions. Should the need arise, our management can readily utilise such forward contracts to hedge the fluctuations in exchange rates between RM and USD, after taking into account the exposure period and the related transaction costs. Further, we also maintain a foreign currency account to facilitate the receipt of revenue collections which are denominated in USD to pay for some of our purchases which are also denominated in USD. Thus, it provides some form of natural hedging against any adverse foreign exchange fluctuations.

Changes in the Sentiments of the Furniture Industry, Consumer Preferences and Spending Trends

Demand for the furniture which we design and sell is significantly dependent on consumer preferences and spending trends. These are influenced by external factors including, amongst others, the state of the economy, the income level of consumers and the markets' demographic profiles. These changes may have significant impact on the sales of our home furniture products and the marketing strategies which we employ. A weak global economic condition in general would lead to poor market sentiments, resulting in lower consumer spending. This may in turn lead to a lower demand for our brand of furniture, which would adversely affect our profitability.

Our Group's prospects, financial position and profitability may be materially and adversely affected in the event that we are unable to respond promptly to the changing requirements of our customers or if we make any inaccurate response to the changing consumer preferences. However, to minimise risk, we have established effective marketing strategies to maintain and increase our customer base, to capture a bigger market share and increase our revenue.

Participation in the local and international trade fairs is very important to us as they provide a platform for us to create awareness of our products in the international markets. Besides the annual Malaysian International Furniture Fair which we have taken part since 2001, we have also participated in other international furniture fairs held in Europe and China. Such participation would also enable us to collate relevant market information and trends, and further provide us with an opportunity to meet potential customers. Additionally, participation in these trade fairs enables us to further keep abreast of the latest market trends in our key target segment.

Sustainability Statement (Cont'd)

ENVIRONMENTAL

The quality of the materials we use will contribute to the quality of our products. In the selection of our materials, we adhere to our Quality policy. Our procurement team, with the oversight of respective head of department, invests time and effort in the material selection process based on quality and cost.

Generally, the upholstered furniture manufacturing industry does not have any major environmental issues or concerns because there are no emissions of noxious gases or production of toxic fluids or industrial wastes. Our manufacturing wastes such as saw dust and upholstery materials cuttings are relatively minor, and we easily eliminate such waste in a hygienic and orderly manner.

SOCIAL

The Company has always believed that the way to build a great and enduring company is to strike a balance between profitability and fulfilling its social responsibilities. In today's inter-connected world, no business can operate as an entity unto itself. Companies are also measured in terms of their standing in the eyes of the community. Throughout the financial year 2021, the Company continued to make progress to operate responsibly and with care to meet the changing expectations of society.

Our Group believes that human capital development is very important to ensure that we have the right and relevant skill set and knowledge in ensuring business sustainability and growth. As such, we have conducted trainings with emphasis on quality for the staff to improve further their quality of work and workplace. Health and Safety at the workplace is also another area of importance to us.

Our Group has set up a Work Safety Committee to develop policies and maintain a safe and healthy workplace for all its employees, contractors and visitors. Conducting fire drill trainings, meetings, periodic inspections on firefighting equipment and prevention programme are carried out to continuously alert the employees on the importance of the safety and hygiene conditions of the workplace.

During the year under review, the Group faced unprecedented health and safety challenges with the global Covid-19 pandemic which has driven us all to a 'new normal' way of work and interaction. In curbing the Covid-19 pandemic, strict procedures and precautionary measures following the guidelines established by the Ministry of International Trade and Industry's ("MITI") and Ministry of Health ("MOH") were implemented by the Group.

Corporate Governance Overview Statement

The Board of Directors ("Board") of Homeritz Corporation Berhad ("Company" or "Homeritz") acknowledges the importance of practising good corporate governance practices under the leadership of the Board of Directors ("Board"), as guided by the Malaysian Code on Corporate Governance ("MCCG") within the Company and the subsidiaries ("the Group"). It is being applied as a fundamental part of discharging the directors' responsibilities to protect and to enhance shareholders' value.

The Board of Directors of Homeritz presents this statement to provide shareholders and investors with an overview of the corporate governance (CG) practices of the Company under the leadership of the Board during the financial year 31 August ("FYE") 2021. This statement takes guidance from the key CG principles as set out in the MCCG. The detailed application for each practice as set out in the MCCG is disclosed in the Corporate Governance Report 2021 ("CG Report 2021") which is available on the Company website at http://www.homeritzcorp.com.

PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS

PART I - BOARD RESPONSIBILITIES

1. Board's Leadership on Objectives and Goals

1.1 Company's strategic aims, values and standards

The Board is responsible for formulating the strategic plans, and establishing visions and goals for delivery of long-term values, and ensures effective leadership through oversight on management and continuously monitoring, overseeing and evaluating the Group's strategies, policies and performance so as to protect and to enhance shareholders' and other stakeholders' value.

There is a division of functions between the Board and the Management. The Board is focused on the Group's overall governance by ensuring the implementation of strategic plans and objectives are in line with its vision and missions; and that accountability to the Group and stakeholders is monitored effectively. The Board does not actively manage but rather oversees the overall management of the Group which is delegated to the Managing Director who is responsible for the day-to-day management of the business and operations of the Group. He is supported by the Executive Director and the Senior Management Team.

To ensure the effective discharge of its function and responsibilities, the Board also delegates some of the Board's authorities and discretion to the properly constituted Board Committees, namely the Audit and Risk Management Committee ("ARMC"), Nominating Committee and Remuneration Committee, which are entrusted with specific responsibilities to oversee the Group's affairs, with authority to act on behalf of the Board in accordance with their respective Terms of Reference. The ultimate responsibility for the final decision on all matters deliberated in these Committees, however, lies with the Board. Besides that, the Chairman of the relevant Board Committees also reports to the Board on key issues deliberated by the Board Committees at their respective meetings.

The Board may also delegate specific functions to ad hoc committees as and when required. The powers delegated to these committees are set out in the Terms of Reference of each of the Committees as approved by the Board.

The Board meets quarterly and at such time as it deems necessary to fulfil its responsibilities. The Board is kept informed of key strategic initiatives, significant operational issues and the Group's performance through the comprehensive status report tabled and deliberated in the meetings. Various Key Performance Indicators ("KPIs") are set and monitored from time to time.

The Independent Non-Executive Directors provide objective and independent judgment to the decision making of the Board which provides an effective check and balance to the Board's decision-making process.

1.2 The Chairman

The Board is of the opinion that the current Board size is optimum and well-managed under the leadership of the Board as a whole. With a strong and effective representation of Independent Non-Executive Directors, which forms a majority in the Board, the necessary check and balance is in place. Hence, the Board is of the view to maintain the current well-balanced board composition until such time where the need for a Chairman arises. The Board as a whole is wholly responsible for matters pertaining to the overall conduct of the Group and is committed to good corporate governance practices.

1.3 Separation of positions of the Chairman and Group Chief Executive Officer ("CEO")

Given the relatively small size of the Group, the Group does not have an independent Chairman and a CEO. The Group is of the view that the current Board size is optimum and caters effectively to the scope of the Group's operations. The strong and majority representation of Independent Non-Executive Directors in the Board provides the necessary check and balance to safeguard the interests of all shareholders and stakeholders and to preserve a balance of authority, power and accountability. The Managing Director leads the Senior Management of the Company in the day to day management and running of the Group as well as the implementation of the Board's decisions and policies. Datuk Tay Puay Chuan as the Senior Independent Non-Executive Director, facilitates communication with shareholders and stakeholders in order to address and deal appropriately with any concerns raised.

1.4 Qualified and Competent Company Secretaries

The Board is supported by two (2) professionally qualified Company Secretaries. Both Company Secretaries have the requisite credentials and are qualified to act as company secretary under Section 235(2) of the Companies Act 2016. The Company Secretaries play an important advisory role and is a source of information and advice to the Board and its committees on issues relating to compliance with laws, rules, procedures and regulations affecting the Company and Group.

1.5 Meeting Materials

The Board is provided with an agenda, reports and other relevant information at least seven (7) days prior to the Board Meetings, covering various aspects of the Group's operations, so that they have a comprehensive understanding of the matters to be deliberated upon to enable them to arrive at an informed decision. All scheduled meetings held during the year were preceded with a formal agenda issued by the Company Secretaries. Management and advisers are invited to attend Board Meetings, where necessary, to provide additional information and insights on the relevant agenda items tabled at Board Meetings. Upon conclusion of the meetings, the minutes are circulated in a timely manner to all board members.

The Directors have the right to full access of the advice and services of Company Secretaries and all information pertaining to the Group for the purpose of discharging their duties. The Board may, when necessary, obtain independent professional advice and information on specific matters, in the furtherance of their duties, at the cost of the Company.

The Company Secretaries attend and ensure that the deliberations and decisions at Board and Board Committee meetings are well documented in the minutes, including matters where Directors abstained from voting or deliberation.

2. Demarcation of Responsibilities

2.1 Board Charter

The Board is guided by the Board Charter which sets out the roles, functions, authority, responsibilities, membership, key matters reserved for the Board, relationships with management and other matters. The Board reviews the Board Charter from time to time and updates the Board Charter in accordance with the needs of the Company and any new regulations that may have an impact on the discharge of the Board's responsibilities to ensure its effectiveness. The Board Charter is made available at the Company's website at http://www.homeritzcorp.com.

3. Good Business Conduct and Healthy Corporate Culture

3.1 Code of Conduct

The Board is committed in maintaining a corporate culture which engenders ethical conduct. A Code of Conduct and Ethics is formalised and incorporated in the Board Charter with the aim to cultivate good corporate conduct that permeates throughout the Group through transparency, accountability and integrity.

The Code describes what the Group must endeavour to do proactively in order to increase corporate value, and which describes the areas in daily activities that require caution in order to minimise any risks that may occur.

Directors are required to disclose any conflict of interest situations or any material personal interest that they may have in the affairs of the Group as soon as they become aware of the interest and abstain themselves from any deliberations on the matter.

The Code of Conduct is made available for reference at the Company's website at http://www.homeritzcorp.com.

3.2 Whistleblowing Policy

The Board has established the Whistleblowing Policy & Framework and is committed to maintaining the highest possible standard of professionalism, ethics and legal conduct in the Group's business activities. The Company's Whistleblowing Policy provides a mechanism for its Board members, all levels of employees, contractors, suppliers, bankers, customers and business associates to report suspected or instances of wrongdoing in the conduct of its business, whether in matters of financial reporting or other malpractices, at the earliest opportunity and in an appropriate way.

The Whistleblowing Policy is available on the Company's website at http://www.homeritzcorp.com.

PART II - BOARD COMPOSITION

4. Board's Objectivity

4.1 Composition of the Board

The Board currently has five (5) members, comprising two (2) Executive Directors, one (1) Senior Independent Non-Executive Director and two (2) Independent Non-Executive Directors. This Board composition complies with the Main Market Listing Requirements ("Listing Requirements") of Bursa Malaysia Securities Berhad ("Bursa Securities") to have at least one third (1/3) of the Board consisting of Independent Directors.

Notwithstanding that the Board does not have an Independent Chairman, the existing Independent Non-Executive Directors have accounted for more than fifty (50%) of the Board composition. Further, the Board is of the opinion that the strong representation of high calibre Independent Non-Executive Directors which forms the majority of the Board, provides the necessary check and balance required.

The current Board composition is in line with the MCCG best practice that requires at least half of the Board to comprise of independent directors.

4.2 Re-election of Director

In accordance with the Constitution of the Company, all directors shall retire from office once in every three (3) years but shall be eligible for re-election and one-third (1/3) of the directors shall retire from office and be eligible for re-election at each Annual General Meeting ("AGM").

Newly appointed directors during the financial year shall hold office until the next following AGM and shall then be eligible for re-election. This requirement has been adhered to by the Board members in AGM.

The Nominating Committee is responsible for recommending to the Board those Directors who are eligible to stand for re-election.

4.3 Tenure of Independent Directors

The Nominating Committee and the Board have determined at the annual assessment carried out on Datuk Tay Puay Chuan and Encik Mohd Khasan Bin Ahmad, who have served on the Board for a cumulative term of twelve (12) years and Mr Teo Seng Kuang, who have served on the Board for a cumulative term of ten (10) years, that they remain objective and independent in expressing their views and in participating in deliberations and decision making of the Board and Board Committees. The length of their services on the Board does not in any ways interfere with their exercise of independent judgement.

The Board is satisfied with the level of independence demonstrated by all the Independent Non-Executive Directors and their ability to act in the best interests of the Company.

In accordance with the MCCG, resolutions under the special business to seek shareholders' approval to retain Datuk Tay Puay Chuan, Encik Mohd Khasan Bin Ahmad and Mr Teo Seng Kuang as the Independent Non-Executive Directors through a two-tier voting process will be tabled in the forthcoming Fourteenth (14th) AGM.

4.4 Policy on Independent Director's Tenure

The Board is of the view that the independence of Directors is assessed based on their independent judgement, courage to confront management for clarification and raise any issue of concern, to weigh the management proposals rationally and objectively. The independence has not been compromised though they may be on the Board for more than 9 years.

The Board Charter has reviewed and adopted the MCCG to justify and seek shareholders' approval annually through a two-tier voting process in the event the Board desires to retain a director who has served in that capacity for more than nine (9) years as an Independent Director.

4.5 Diverse Board and Senior Management

The Nominating Committee is responsible for reviewing and assessing the mix of skills, expertise, composition, size, experience and effectiveness of the Board, its Committees and Senior Management.

This process ensures that the Board membership accurately reflects the long-term strategic direction and needs of the Company while it determines the skills matrix needed to support the strategic direction and needs of the Company.

The Board recognises that a diverse Board can offer greater depth and breadth compared to non-diverse Board. Board diversity provides for discussion of the same ideas in differing ways, allowing constructive debates that lead to better decision-making.

Appointment of Board and Key Senior Management are based on objective criteria, merit and besides gender diversity, due regard is placed for diversity in skills, experience, age and cultural background. Please refer to the Directors' Profile and Key Senior Management's Profile on pages 7 to 8 and 33 respectively for further information.

4.6 Gender Diversity Policy

The Board acknowledges the importance of gender diversity in the Board and Senior Management and the recommendation of the MCCG pertaining to the establishment of a gender diversity policy. Hence, the Board had always been in support of a policy of non-discrimination on the basis of race, religion and gender. The Board encourages a dynamic and diverse composition by nurturing suitable and potential candidates equipped with the competency, skills, experience, character, time commitment, integrity and other qualities in meeting the future needs of the Company.

Insofar as gender diversity is concerned, the Board does not set gender diversity policy as the appointment of new directors is based solely on merits and other qualities which would bring value to the Board as a whole.

However, the Board through the Nominating Committee will consider the gender diversity as part of its future selection and will endeavour to appoint suitably qualified woman director to the Board. The Board currently has 20% female representation on the Board.

4.7 New Candidates for Board Appointment

The Nominating Committee is responsible for identifying, assessing and recommending suitable candidates for Board membership and also for evaluating the performance of the Directors on an on-going basis. This process shall ensure that the Board membership accurately reflects the long-term strategic direction and needs of the Company while it determines the skills matrix needed to support the strategic direction and needs of the Company.

The process for the appointment of a new director is summarised as follows: -

- A candidate is identified through recommendation of existing Directors, senior management staff, other consultants and/or independent sources;
- In evaluating the suitability of candidates to the Board, the Nominating Committee considers, interalia, the competency, experience, commitment, contribution and integrity of the candidates, and in the case of candidates proposed for appointment as Independent Non-Executive Directors, the candidate's independence;
- The Nominating Committee will make recommendation to the Board if the proposed candidate is found to be suitable. This includes recommendation for appointment as a member of the various Board committees, where necessary; and
- The final decision as to who shall be appointed as Director remains the responsibility of the full Board after considering the recommendation of the Nominating Committee.

4.8 Nominating Committee

The Nominating Committee has three (3) members comprising exclusively Non-Executive Directors, all of whom are Independent Directors. The Nominating Committee meets at least once in a year with additional meetings to be convened, if necessary. During the financial year under review, the Nominating Committee had met once and full attendance by the members was recorded.

| Directors | Number of Meetings Attended |
|---|-----------------------------|
| Chairman | |
| Datuk Tay Puay Chuan | 1/1 |
| Senior Independent Non-Executive Director | |
| Members | |
| Encik Mohd Khasan bin Ahmad | 1/1 |
| Independent Non-Executive Director | |
| Mr Teo Seng Kuang | 1/1 |
| Independent Non-Executive Director | |

The Nominating Committee is responsible for assessing the performance of the existing Directors, reviewing the training needs of Directors and assessing the independence of the Independent Directors. The Board has established an annual performance evaluation process to assess the performance and effectiveness of the Board and Board Committees, as well as the performance of each Director and each ARMC Member.

The Terms of Reference of the Nominating Committee is available on the Company's website at http://www.homeritzcorp.com.

5. Overall Board Effectiveness

5.1 Annual Evaluation and Directors Training

The Board, together with the Nominating Committee, determines the size and composition of the Board that facilitates the decision making process of the Company. The Board comprises of directors with a broad and relevant range of skills, diversity, expertise and experience.

The Nominating Committee conducted its annual evaluation on the effectiveness of the Board, its Committees and the contribution of each director.

The assessment of the Board is based on specific criteria, covering areas such as the Board structure, Board operations, relationship with management, roles and responsibilities of the Board, the Board Committee and the Chairman, and corporate governance.

These assessments and comments by all Directors were summarised and discussed at the Nominating Committee meeting which were then reported to the Board at the Board meeting held thereafter. Thus, allowing the Directors to know their standing and the Board to take appropriate remedial actions.

There were no major concerns from the results of the annual assessment. The Nominating Committee is satisfied that the size of the Board is optimum and that there is an appropriate mix of experience and expertise in the composition of the Board and its Committees.

Based on the annual board assessment and evaluation, the Nominating Committee has recommended the reelection of Ms Tee Hwee Ing and Datuk Tay Puay Chuan as directors at the forthcoming 14th AGM. The Board (saved for the interested directors) is satisfied that these two (2) directors have continued to contribute to the Board effectiveness and have discharged their fiduciary duties and responsibilities as directors in accordance with their respective ToR.

The Directors are aware of the time commitment expected from each of them to attend to the matters of the Group generally, including attendance at Board, Board Committee and other types of meetings. The Directors would notify the Company prior to accepting any new directorship in a public listed company ("PLC"). None of our Directors hold directorships at more than five (5) PLC as prescribed in Paragraph 15.06 of Listing Requirements. The Board is satisfied that the present directorships in external organizations held by the Directors do not give rise to any conflict of interests nor impair their ability to discharge their responsibilities to the Group.

The Board has committed to meet at least four (4) times a year, usually before the announcement of quarterly results to Bursa Securities, with additional meetings convened when necessary.

During the FYE 2021, five (5) Board Meetings were held and the attendance is as follows: -

| Directors | Number of Meetings Attended |
|-----------------------------|-----------------------------|
| Mr Chua Fen Fatt | 5/5 |
| Ms Tee Hwee Ing | 5/5 |
| Encik Mohd Khasan Bin Ahmad | 5/5 |
| Mr Teo Seng Kuang | 5/5 |
| Datuk Tay Puay Chuan | 5/5 |

The Board acknowledges that continuous education is vital in keeping them abreast with developments in the market place and with new statutory and regulatory requirements, besides enhancing professionalism and knowledge in enabling them to discharge their roles in an effective manner.

Relevant training programmes were arranged to facilitate knowledge building for Directors. The Directors may also attend additional training courses according to their individual needs, to equip themselves for the discharge of their responsibilities as directors of a public listed company and in the Board Committees on which they serve.

All the Directors have attended development and training programmes during the FYE 2021. The conferences, seminars, workshops and training programmes attended by the Directors were as follows:

| Directors | Training Programme Attended |
|-----------------------------|---|
| Mr. Chua Fen Fatt | Chemical Safety Training |
| Ms Tee Hwee Ing | Chemical Safety Training |
| Encik Mohd Khasan bin Ahmad | Business Transformation Post Covid |
| Datuk Tay Puay Chuan | Pre & Post IPO Rules and Key Updates to Listing Requirement |
| Mr.Teo Seng Kuang | Capital Market Conference 2021 |

6. Level and Composition of Remuneration

6.1 Remuneration Policy

The Company aims to set remuneration at levels which are sufficient to attract and to retain Directors and Senior Management needed to run the business successfully taking into consideration all relevant factors including the function, workload and responsibilities involved. The remuneration policy and procedures are available on the Company's website at http://www.homeritzcorp.com.

For the Executive Director and Senior Management, the components of the remuneration package are linked to corporate and individual performance. For the Non-Executive Directors, they receive a fixed Director's fee, meeting and travelling allowance for attending meetings of the Board and its Committees. Other allowance may also be paid for performance of specific job assignment.

6.2 Remuneration Committee

The Remuneration Committee has three (3) members of whom all are Independent Non-Executive Directors.

| Directors | Number of Meetings Attended |
|---|-----------------------------|
| Chairman | |
| Mr Teo Seng Kuang | 1/1 |
| Independent Non-Executive Director | |
| Members | |
| Encik Mohd Khasan Bin Ahmad | 1/1 |
| Independent Non-Executive Director | |
| Datuk Tay Puay Chuan | 1/1 |
| Senior Independent Non-Executive Director | |

The Remuneration Committee is guided by its terms of reference, which is available on the Company's website, http://www.homeritzcorp.com. The Remuneration Committee is responsible for setting and reviewing policies and procedures on matters relating to the remuneration of the Board and Senior Management.

The Remuneration Committee makes recommendation to the Board on all elements of remuneration and terms of employment of Executive Directors and Senior Management. Non-Executive Directors' remuneration will be a matter to be decided by the Board as a whole with the Director concerned abstaining from deliberations and voting decisions in respect of his individual remuneration. The Directors' fees and allowances are subject to the approval of the shareholders of the Company at the AGM.

The current remuneration payable to Non-Executive Directors comprises Directors' fees and meeting allowance, based on the number of meetings they are attending for a year.

Meetings of the Remuneration Committee are held as and when necessary, and at least once a year. The Members met once in the FYE 2021 and full attendance by the members was recorded.

7.2 Senior Management's Remuneration

With regard to the disclosure of remuneration of Group's Senior Management, the Board has opined that it is not in the best interest of the Company to make such disclosures on the remuneration of the Senior Management due to the sensitivity of their remuneration package, privacy, competition and issue of staff poaching.

PRINCIPLE B: EFFECTIVE AUDIT AND RISK MANAGEMENT

PART I – AUDIT AND RISK MANAGEMENT COMMITTEE ("ARMC")

8. Effective and Independent ARMC

The ARMC of the Company presently comprises of all three (3) members as Independent Non-Executive Directors. The Chairman of the ARMC namely Encik Mohd Khasan Bin Ahmad is distinct from the Chairman of the Board.

The members of the ARMC have a mix of commercial, banking, financial skills, management and accounting experience. Arrangements will be made by the Company for the members of the Committee to attend seminars to continue to keep abreast of relevant developments in accounting and auditing standards, practices and rules.

The ARMC is tasked to assist the Board in overseeing the Group's financial reporting processes and reviewing the financial statements to ensure that the financial statements are properly drawn up in accordance to the provisions of the Companies Act 2016 and applicable Malaysian Financial Reporting Standards by the Malaysian Accounting Standards Board ("MASB") with the objective to give a true and fair view of the state of affairs of the Group.

The Board, through the ARMC, establishes a formal and transparent arrangement with the external auditors of the Company in seeking professional advice and in ensuring compliance with the relevant Malaysian Financial Reporting Standards issued by MASB.

The ARMC communicated directly and independently with the auditors without the presence of the Executive Directors at least twice a year during each financial year to discuss the audit findings and/or any issues detected during the course of audit work.

The ARMC is delegated with the task of assessing the suitability, competence, objectivity and independence of Crowe Malaysia PLT as the External Auditor of the Company, taking into consideration the level of non- audit services rendered by Crowe Malaysia PLT to the Company during the financial year under review. The ARMC also seeks written assurance and declaration from the External Auditor, confirming that they are, and have been, independent throughout the audit engagement with the Company in accordance with the independence criteria set out by the Malaysian Institute of Accountants. Based on the recommendation of ARMC on the re-appointment of External Auditor, the Board would then seek shareholders' approval at the AGM.

Further details of the roles and responsibilities of the ARMC, including the activities undertaken during the year under review, are set out in the ARMC on pages 27 to 29 of this Annual Report.

9. Risk Management and Internal Control Framework

9.1 Effective Risk Management and Internal Control Framework

The Board affirms its overall responsibilities for the Group's system of internal control which includes the establishment of an appropriate control environment and framework as well as reviewing its adequacy and effectiveness.

The Board recognises the Company's level of risk tolerance and actively identify, assess and monitor significant business risks on an ongoing basis to safeguard shareholders' investments and Company's assets. Appropriate internal control systems are put in place as measures to manage and mitigate the impact of the key risk within cost levels appropriate to the significance of the risks.

The Group has an out-sourcing arrangement with an independent internal audit service provider ("Internal Auditor") in relation to its internal audit function to examine and evaluate the adequacy and effectiveness of the Group's internal control systems. The Internal Auditor reports directly to the ARMC during the quarterly ARMC meetings. Further details of the Group's internal audit function are set out in the Statement on Risk Management and Internal Control section of this Annual Report.

9.2 Features, Adequacy and Effectiveness of Risk Management and Internal Control Framework

The Board has adopted a systematic approach to oversee the actual performance and provides guidance to the Management on measures to improve the business performance and minimise risk impacts. The Group has an adequate and effective risk management framework, and a sound internal control system in place. The Group's risk management function is being assigned to the ARMC to monitor and mitigate the significant key business risks. The ARMC will perform a risk oversight role by reviewing the adequacy and effectiveness of the Group's system of internal control and risk management function, and advises the Board accordingly.

The Board is committed towards improving the risk management to meet its corporate objectives and to support all types of businesses and operations within the acceptable level of risks which are aligned with the Group's risk appetite. The Board is of the view that the existing system of risk management and internal control is sound, and sufficient to protect the Group's interest and that of its stakeholders. The features of risk management and internal control framework are adequately disclosed in the Audit and Risk Management Committee Report, Corporate Governance Overview Statement, and Statement on Risk Management and Internal Control of this Annual Report.

10. Effective Governance, Risk Management and Internal Control

On 27 August 2021, an annual assessment of the effectiveness and independence of the internal audit function has been conducted by the ARMC for the FYE 2021. The ARMC has opined that the internal audit team had carried out their duties objectively, impartially and independently in accordance with the Internal Audit Charter, International Professional Practice Framework for Internal Auditing and Code of Ethics for Internal Auditors. The ARMC is satisfied that the Internal Auditor had maintained a high degree of independence and professionalism in carrying out their duties.

Besides, the ARMC has reviewed the adequacy of resource requirements and competencies of the audit staff as well as the annual audit plan and their audit works. The ARMC has obtained reasonable assurance that the internal audit function has advised the Board accordingly and remained effective. As such, the Board is confident that the Internal Auditor is competent enough to provide value added services, and able to meet all its audit objectives.

The processes of corporate governance, risk management and internal control framework are adequately disclosed in the Audit and Risk Management Committee Report, Corporate Governance Overview Statement, and Statement on Risk Management and Internal Control of this Annual Report.

PRINCIPLE C: INTEGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS

PART I – COMMUNICATION WITH STAKEHOLDERS

11. Continuous Communication between Company and Stakeholders

The Board recognises the importance of an effective communication channel between the Board, shareholders and general public, and at the same time, full compliance with the Bursa Securities' disclosure framework to provide investors and the public with complete and accurate information on a timely basis. Hence, the Board has established Corporate Disclosure Policy to promote timely and high quality disclosure of material information to the public.

The Board is also mindful that information that is expected to be material must be handled with caution and announced immediately. The annual reports, quarterly results and any announcements on material corporate exercises are the primary modes of disseminating information on the Group's business activities and financial performance.

The Board will continue to assess and improve on the reporting and disclosure. The Company further ensures that shareholders are kept fully informed through information provided on the Bursa Securities' and Company's websites at http://www.bursamalaysia.com and http://www.homeritzcorp.com respectively and it is accessible by public.

PART II - CONDUCT OF GENERAL MEETINGS

12. Encourage Shareholders' Participation at General Meetings

The Board values the participation of shareholders at general meetings and recognises their contributions as valuable feedback for the conduct of the Group's businesses. Notice of AGM and Annual Reports are sent to shareholders at least twenty-eight (28) days prior to the meeting.

This would allow the shareholders to make necessary arrangements to attend and participate either in person, by corporate representative, by proxy or by attorney together with the Notice of AGM, which provides information to shareholders with regard to, among others, details of the AGM, their entitlement to attend the AGM, the right to appoint proxy and also qualification of proxy.

All the Directors shall endeavour to present in person to engage directly with, and be accountable to the shareholders for their stewardship of the Company at the 14th AGM. The proceedings of the 14th AGM will include the Chairperson's briefing on the Company's overall performance for FYE 2021, the presentation of the external auditors' unqualified report to the shareholders, and a Q&A session during which the Chairperson will invite shareholders to raise questions pertaining to the Company's financial statements and other items for adoption at the meeting, before putting a resolution to vote. The Directors, MD and external auditors will be in attendance to respond to the shareholders' queries.

Under Paragraph 8.29A(1) of the Listing Requirements, a PLC must, among others, ensure that any resolution set out in the notice of any general meeting, is voted by poll. For this purpose, the share registrar will be appointed as the Poll Administrator and an independent scrutineer will be appointed to validate the votes cast at the 14th AGM.

In view of the Covid-19 pandemic and to be in line with the MCCG's Practice 12.3, the Company had leveraged on technology by conducting the Company's Extraordinary General Meeting and Thirteenth Annual General Meeting held on 27 November 2020 and 29 January 2021 respectively and the forthcoming 14th AGM on a fully virtual basis through live streaming and online remote voting using the Remote Participation and Voting facilities ("RPV Facilities") provided by the Poll Administrator of the Company, Tricor Investor & Issuing House Services Sdn. Bhd. via TIIH Online website at https://tiih.online.

Shareholders who registered for remote participation via TIIH Online website joined the live streaming of the proceedings of the 14th AGM and posed questions to the Board via real time submission of typed texts and also casted their votes online via RPV Facilities.

The Administrative Guide for the 14th AGM with detailed registration and voting procedures were distributed to shareholders.

The outcome of the 14th AGM will be announced to Bursa Securities on the same meeting day.

This Corporate Governance Overview Statement was approved by the Board on 2 December 2021.

INTERNAL AUDIT FUNCTION

The Board acknowledges that it is responsible for maintaining sound systems of internal control which provide reasonable assessment of effective operations, internal financial controls and compliance with laws and regulations as well as with internal procedures and guidelines.

The Group has engaged an external independent consultant ("Internal Auditors" or "IA") to carry out the internal audit function to assist the ARMC in maintaining sound systems of internal control. The internal audits were undertaken to provide independent assessment on the accuracy, efficiency and effectiveness of the Group's internal control systems. The IA report directly to the ARMC. The IA present and discuss Internal Audit Plan with the ARMC and present the result of reviews directly to the ARMC which includes significant internal audit findings, recommendations for improvements, Management's response and proposed action plans.

During the FYE 2021, the external independent consultant has conducted review on internal control of the selected subsidiaries focusing on the following areas:-

- Compliance with Occupational Safety and Health Act 1994 ("OSHA")
- Factories and Machinery (Safety, Health and Welfare) Regulations 1970 ('FMR 1970") & Standard Operating Procedure ("SOP")
- Management of safety and health process including contractor's performance
- Management of emergency procedure including accident and incident review
- Personnel safety & health awareness and training

An overview of the Group's approach in maintaining sound systems of internal control is set out in the Statement on Risk Management and Internal Control on pages 30 to 32 of this Annual Report.

Statement On Risk Management And Internal Control

INTRODUCTION

In pursuant to Paragraph 15.26 (b) of the Main Market Listing Requirements ("Listing Requirements") of Bursa Malaysia Securities Berhad ("Bursa Securities"), the Board is pleased to present its Statement on Risk Management and Internal Control which illustrates the nature and scope of risk management and internal control of the Group during the financial year.

BOARD RESPONSIBILITY

The Board acknowledges that it is responsible for ensuring that a sound system of risk management and internal control is maintained and that it has reviewed the effectiveness of these systems to safeguard shareholders' interest and the Group's assets.

During the financial year under review, the Board is of the view that the Company's overall risk management and internal control system is operating adequately and effectively, in all material aspects, based on the risk management framework and practices adopted by the Group and have received the same assurance from both the Group Managing Director and Group Accountant of the Company.

However, in view of limitations that are inherent in any systems of risk management and internal control, such systems are designed to manage, rather than eliminate, the risk of failure to achieve business objectives of the Group and can only provide reasonable rather than absolute assurance against material misstatement or loss.

RISK MANAGEMENT FRAMEWORK

The Board considers risk management to be fundamental to good management practice and a significant aspect of corporate governance. Effective management of risk will provide an essential contribution towards the achievement of the Group's strategic and operational objectives and goals.

Risk management forms an integral part of the Group's decision making and routine management, and is incorporated within the strategic and operational planning processes at all levels across the Group.

In order to achieve a sound system of risk management and internal control, the Board and management ensure that the risk management and control framework is embedded into the culture, processes and structures of the Group.

The Group has an Executive Risk Management Committee, which is chaired by the Group Managing Director and comprises senior management of the Group, to provide oversight and added impetus to the risk management process.

The steps on the management of risks identified in the risk register are outlined below:

- a) Identifying the risks to achieving strategic and operational objectives;
- b) Determining and assessing the existing controls in place;
- c) Assessing the impact and likelihood of the risk after taking into account the existing controls to derive the residual risk; and
- d) Determining further control improvements to mitigate the risk and indicate what their impact on residual risk will be when they are fully implemented.

The Heads of departments are required to undertake risk assessments against their business plan, strategies and other significant activities and to maintain risk registers that reflect an appropriate risk profile. The risk registers are used as one of the business tools to highlight the risk exposures and their risk mitigation. The risk registers are updated as and when there are changes to business environment or regulatory guidelines. Policies, procedures, guidelines, templates and the likes are being developed to assist in ensuring an awareness of what is an acceptable level of risk and that risks and opportunities are managed consistently and effectively across the Group. Periodic operational/management meetings are held to ensure that the risks identified are monitored and related internal controls are communicated to the management.

Statement On Risk Management And Internal Control (Cont'd)

The Board affirms that there is an on-going process for identifying, evaluating and managing the significant risks faced by major companies in the Group. The results of this process, including risk mitigating measures taken by Management to address key risks identified, are periodically reviewed by the Board.

INTERNAL CONTROL SYSTEM

Internal Audit Function

The Board recognises that effective monitoring on a continuous basis is a vital component of sound internal control systems. The Group has an out-sourcing arrangement with an independent internal audit service provider in relation to its internal audit function to examine and evaluate the adequacy and effectiveness of the Group's internal control systems of the business units. The internal audit adopts a risk-based approach and prepares its audit strategy and plan based on the risk profiles of individual business units of the Group. These plans are updated and approved by the Audit and Risk Management Committee ("ARMC") regularly.

For the financial year, the outsourced internal audit function carried out audits in accordance with the internal audit plan approved by the ARMC. The result of their reviews is reported directly to the ARMC which includes significant internal audit findings, recommendations for improvements, Management's response and proposed action plans. Follow-up reviews of the implementation of action plans are carried out to ensure that the matters highlighted in the internal audit reports have been adequately addressed. Based on the internal audit reviews conducted, none of the weaknesses noted has resulted in any material losses, contingencies or uncertainties that would require a separate disclosure in this annual report. The internal audit appraises and contributes towards improving the Group's risk management and internal control systems, and reports to the ARMC on a regular basis. The professional fee incurred for the internal audit function in respect of 31 August ("FYE") 2021 was RM 12,500.

The other features of the Group's systems of internal control include the following:

a) Control Environment

i. Policies and Procedures

Clearly defined policies and procedures are in place and are undergoing constant improvements to ensure that they continue to support the Group's business activities as the Group continues to grow.

ii. Organisation Structure and Authorisation Procedures

The Group maintains a formal organisation structure with clear lines of reporting to Board Committees and Senior Management including defined lines of accountability within which senior management operates, such as roles and responsibilities, authority limits, review and approval procedures, etc.

iii. Whistleblowing Policy and Procedure

The Group has a whistleblowing policy and procedure to provide an avenue for staff or any external party to report any breach or suspected breach of any laws or regulations and the Group's policies and procedures, in a safe and confidential manner.

iv. Key Financial Performance Indicator

Key financial performance indicators as a tool for measuring and tracking progress in essential of the Company performance.

v. Human Resource Management Policy

Appointment of staff is based on the required level of qualification, experience and competency to fulfil their responsibilities. Training and development is provided for selected staff to further enhance their skills and capabilities. In addition, a formal employee appraisal to evaluate and measure employees' performance and their competency is performed at least once a year.

vi. Succession Planning

Identify and groom middle management at all key areas as an integral part of the management succession plan. The plan also includes offering a competitive remuneration package and providing training and career development opportunities for employees in all key functions of the Group's operations.

Statement On Risk Management And Internal Control (Cont'd)

b) Information and Communication

- i. Pertinent information to meet the Group's business objectives is communicated through established reporting lines across the Group. This is to ensure that matters that require the Board's and Senior Management's attention are highlighted for review, deliberation and resolution on a timely basis.
- ii. Periodic management meetings are held to provide a forum where management undertakes overall responsibility for periodic reviews to identify, discuss and resolve key operational issues, to further improve its effectiveness.

c) Review and Monitoring Process

- i. Periodic management meetings are held to provide a forum where management undertakes overall responsibility for periodic reviews to identify, discuss and resolve key operational issues, to further improve its effectiveness. In addition to the above, scheduled and ad-hoc meetings are held at operational and management levels to identify, discuss and resolve business and operational issues, as and when necessary.
- ii. The Board monitors the Group's performance by reviewing its quarterly financial results, annual report, audited financial statements, Group's risk profile and internal control issues identified by the External Auditors, Internal Auditors and the management and examines the announcement to Bursa Securities. These are reviewed by the ARMC before they are tabled to the Board for approval.
- iii. The ARMC also monitors the implementation of the recommendations proposed by the External Auditors and Internal Auditors.

REVIEW OF THE STATEMENT BY EXTERNAL AUDITORS

As required by paragraph 15.23 of the Listing Requirements of Bursa Securities, the External Auditors have reviewed this Statement on Risk Management and Internal Control for inclusion in the annual report of the Group for FYE 2021.

The External Auditors have opined to the Board that nothing has come to their attention that causes them to believe that this Statement intended to be included in the annual report is not prepared, in all material aspects, in accordance with the disclosures required by paragraphs 41 and 42 of the Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers, and Practices 9.1 and 9.2 of the Malaysian Code on Corporate Governance 2017, to be set out, nor is the statement is factually inaccurate.

CONCLUSION

The Board has reviewed the adequacy and effectiveness of the system of risk management and internal control, and that relevant actions have been or are being taken, as the case may be, to remedy any significant weaknesses identified from the review based on the outcome of observations raised by the Internal Auditors and External Auditors directly to the ARMC.

The Board is of the view that the risk management and internal control systems are satisfactory with no significant internal control deficiencies or weaknesses that would result in material losses or contingencies to warrant disclosure in the Group's Annual Report for the financial year under review.

This Statement was approved at the meeting of the Board on 2 December 2021.

BAD AND DOUBTFUL DEBTS

Before the financial statements of the Group and of the Company were made out, the directors took reasonable steps to ascertain that action had been taken in relation to the writing off of bad debts and the making of allowance for impairment losses on receivables, and satisfied themselves that there are no known bad debts and that no allowance for impairment losses on receivables is required.

At the date of this report, the directors are not aware of any circumstances that would require the writing off of bad debts, or the allowance for impairment losses on receivables in the financial statements of the Group and of the Company.

CURRENT ASSETS

Before the financial statements of the Group and of the Company were made out, the directors took reasonable steps to ensure that any current assets, which were unlikely to be realised in the ordinary course of business, including their value as shown in the accounting records of the Group and of the Company, have been written down to an amount which they might be expected so to realise.

At the date of this report, the directors are not aware of any circumstances which would render the values attributed to the current assets in the financial statements misleading.

VALUATION METHODS

At the date of this report, the directors are not aware of any circumstances which have arisen which render adherence to the existing methods of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate.

CONTINGENT AND OTHER LIABILITIES

At the date of this report, there does not exist:-

- (a) any charge on the assets of the Group and of the Company that has arisen since the end of the financial year which secures the liabilities of any other person; or
- (b) any contingent liability of the Group and of the Company which has arisen since the end of the financial year.

No contingent or other liability of the Group and of the Company has become enforceable or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the directors, will or may substantially affect the ability of the Group and of the Company to meet their obligations when they fall due.

CHANGE OF CIRCUMSTANCES

At the date of this report, the directors are not aware of any circumstances not otherwise dealt with in this report or the financial statements of the Group and of the Company which would render any amount stated in the financial statements misleading.

ITEMS OF AN UNUSUAL NATURE

The results of the operations of the Group and of the Company during the financial year were not, in the opinion of the directors, substantially affected by any item, transaction or event of a material and unusual nature other than as disclosed in Note 23 to the financial statements.

There has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature likely, in the opinion of the directors, to affect substantially the results of the operations of the Group and of the Company for the financial year in which this report is made.

DIRECTORS

The names of directors of the Company who served during the financial year and up to the date of this report are as follows:-

Chua Fen Fatt Tee Hwee Ing Mohd Khasan Bin Ahmad Datuk Tay Puay Chuan Teo Seng Kuang

DIRECTORS' INTERESTS

According to the register of directors' shareholdings, the interests of directors holding office at the end of the financial year in shares of the Company and its related corporations during the financial year are as follows:-

Independent Auditors' Report

To The Members Of Homeritz Corporation Berhad

(Incorporated In Malaysia) Registration No.: 200801004508 (805792-X)

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

We have audited the financial statements of Homeritz Corporation Berhad, which comprise the statements of financial position as at 31 August 2021 of the Group and of the Company, and the statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 44 to 92.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 August 2021, and of their financial performance and their cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Company in accordance with the *By-Laws* (on *Professional Ethics, Conduct and Practice*) of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants (including International Independence Standards)* ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the Group and of the Company for the current financial year. These matters were addressed in the context of our audit of the financial statements of the Group and of the Company as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matter described below to be the key audit matter to be communicated in our report.

| Carrying Value of Inventories Refer to Note 11 to the financial statements | |
|--|--|
| Key Audit Matter | How our audit addressed the Key Audit Matter |
| The Group held inventories with carrying amount of RM 60,242,803 as at 31 August 2021. The carrying value of inventories is stated at the lower of cost and net realisable value. According to the Group's inventory write-down policy, the Group determines the amount of write-down for slow moving or obsolete inventories based upon the age of the slow moving inventories. | Our procedures included, among others:- Comparing the net realisable value to the cost of inventories at the end of the reporting period to assess the reasonableness of inventories write-down. Performing test on the inventory ageing report to ensure inventories were grouped into the appropriate age bracket. Reviewing the accuracy of the write-down of inventories by matching the quantum of write-down to the corresponding age profile of inventories according to the group policy. |

Information Other than the Financial Statements and Auditors' Report Thereon

The directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements of the Group and of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Company does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Statements

The directors of the Company are responsible for the preparation of financial statements of the Group and of the Company that give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia. The directors are also responsible for such internal control as the directors determine is necessary to enable the preparation of financial statements of the Group and of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the directors are responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:-

- Identify and assess the risks of material misstatement of the financial statements of the Group and of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and the Company's internal control.

Auditors' Responsibilities for the Audit of the Financial Statements (cont'd)

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's or the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Company, including the disclosures, and whether the financial statements of the Group and of the Company represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statements of the Group. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Company for the current financial year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

OTHER MATTERS

This report is made solely to the members of the Company, as a body, in accordance with Section 266 of the Companies Act 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

4. SIGNIFICANT ACCOUNTING POLICIES

Amendments to MFRS 137

4.1 Critical Accounting Estimates and Judgements

Annual Improvements to MFRS Standards 2018 - 2020

The outbreak of the Covid-19 has brought unprecedented challenges and added economic uncertainties in Malaysia and markets in which the Group operates. While the Group has considered the potential financial impact of the Covid-19 pandemic in the preparation of these financial statements, the full financial impact to the Group remains uncertain. Accordingly, there is a possibility that factors not currently anticipated by management could occur in the future and therefore affect the recognition and measurement of the Group's assets and liabilities at the reporting date.

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.1 Critical Accounting Estimates and Judgements (cont'd)

Key Sources of Estimation Uncertainty

Management believes that there are no key assumptions made concerning the future, and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year other than as disclosed below:-

(a) Depreciation of property, plant and equipment

The estimates for the residual values, useful lives and related depreciation charges for the property, plant and equipment are based on commercial factors which could change significantly as a result of technical innovations and competitors' actions in response to the market conditions. The Group anticipates that the residual values of its property, plant and equipment will be insignificant. As a result, residual values are not being taken into consideration for the computation of the depreciable amount. Changes in the expected level of usage and technological development could impact the economic useful lives and the residual values of these assets, therefore future depreciation charges could be revised. The carrying amount of property, plant and equipment as at the reporting date is disclosed in Note 5 to the financial statements.

(b) Income taxes

There are certain transactions and computations for which the ultimate tax determination may be different from the initial estimate. The Group recognises tax liabilities based on its understanding of the prevailing tax laws and estimates of whether such taxes will be due in the ordinary course of business. Where the final outcome of these matters is different from the amounts that were initially recognised, such difference will impact the income tax expense and deferred tax balances in the period in which such determination is made. The carrying amount of the Group as at the reporting date are current tax assets of RM 873,100 and current tax liabilities of RM 1,173,430 (2020: current tax assets of RM 19,500 and current tax liabilities of RM 2,258,548) respectively. The carrying amount of the Company as at the reporting date are current tax assets of RM 23,100 (2020: current tax assets of RM 19,500).

(c) Impairment of trade receivables

The Group uses the simplified approach to estimate a lifetime expected credit loss allowance for all trade receivables. The Group develops the expected loss rates based on the payment profiles of past sales and the corresponding historical credit losses, and adjusts for qualitative and quantitative reasonable and supportable forward-looking information. If the expectation is different from the estimation, such difference will impact the carrying values of trade receivables. The carrying amounts of trade receivables as at the reporting date are disclosed in Note 12 to the financial statements.

(d) Write-down of inventories

Reviews are made periodically by management on damaged, obsolete and slow-moving inventories. These reviews require judgement and estimates. Possible changes in these estimates could result in revisions to the valuation of inventories. The carrying amount of inventories as at the reporting date is disclosed in Note 11 to the financial statements.

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.1 Critical Accounting Estimates and Judgements (cont'd)

Key Sources of Estimation Uncertainty (cont'd)

(e) Impairment of goodwill

The assessment of whether goodwill is impaired requires an estimation of the value in use of the cash-generating unit to which the goodwill is allocated. Estimating a value in use amount requires management to make an estimate of the expected future cash flows from the cash-generating unit and also to choose a suitable discount rate in order to calculate the present value of those cash flows. The carrying amount of goodwill as at the reporting date is disclosed in Note 9 to the financial statements.

Critical Judgements Made in Applying Accounting Policies

Management believes that there are no instances of application of critical judgement in applying the Group's accounting policies which will have a significant effect on the amounts recognised in the financial statements other than as disclosed below:-

Lease terms

Some leases contain extension options exercisable by the Group before the end of the non-cancellable contract period. In determining the lease term, management considers all facts and circumstances including the past practice and any cost that will be incurred to change the asset if an option to extend is not taken. An extension option is only included in the lease term if the lease is reasonably certain to be extended (or not terminated).

In determining the incremental borrowing rate of the respective leases. The Group first determines the closest available borrowing rates before using significant judgement to determine the adjustments required to reflect the term, security, value or economic environment of the respective leases.

4.2 Basis of Consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiaries made up to the end of the reporting period.

Subsidiaries are entities (including structured entities) controlled by the Group. The Group controls an entity when the Group is exposed to, or has right to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Potential voting rights are considered when assessing control only when such rights are substantive. The Group also considers it has de facto power over an investee when, despite not having the majority of voting rights, it has the current ability to direct the activities of the investee that significantly affect the investee's return.

Subsidiaries are consolidated from the date on which control is transferred to the Group up to the effective date on which control ceases, as appropriate.

Intragroup transactions, balances, income and expenses are eliminated on consolidation. Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Where necessary, adjustments are made to the financial statements of subsidiaries to ensure consistency of accounting policies with those of the Group.

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.2 Basis of Consolidation (cont'd)

(a) Business combinations

Acquisitions of businesses are accounted for using the acquisition method. Under the acquisition method, the consideration transferred for acquisition of a subsidiary is the fair value of the assets transferred, liabilities incurred and the equity interests issued by the Group at the acquisition date. The consideration transferred included the fair value of any asset or liability resulting from a contingent consideration arrangement. Acquisition-related costs, other than the costs to issue debt or equity securities, are recognised in profit or loss when incurred.

In a business combination achieved in stages, previously held equity interests in the acquiree are remeasured to fair value at the acquisition date and any corresponding gain or loss is recognised in profit or loss.

Non-controlling interests in the acquiree may be initially measured either at fair value or at the non-controlling interests' proportionate share of the fair value of the acquiree's identifiable net assets at the date of acquisition. The choice of measurement basis is made on a transaction-by-transaction basis.

(b) Changes in ownership interests in subsidiaries without change of control

All changes in the parent's ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. Any difference between the amount by which the non-controlling interest is adjusted and the fair value of consideration paid or received is recognised directly in equity of the Group.

(c) Loss of control

Upon the loss of control of a subsidiary, the Group recognises any gain or loss on disposal in profit or loss which is calculated as the difference between:-

- (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest in the former subsidiary; and
- (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the former subsidiary and any non-controlling interests.

Amounts previously recognised in other comprehensive income in relation to the former subsidiary are accounted for in the same manner as would be required if the relevant assets or liabilities were disposed of (i.e. reclassified to profit or loss or transferred directly to retained profits). The fair value of any investments retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under MFRS 9.

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.3 Goodwill

Goodwill is measured at cost less accumulated impairment losses, if any. The carrying value of goodwill is reviewed for impairment annually or more frequently if events or changes in circumstances indicate that the carrying amount may be impaired. The impairment value of goodwill is recognised immediately in profit or loss. An impairment loss recognised for goodwill is not reversed in a subsequent period.

Under the acquisition method, any excess of the sum of the fair value of the consideration transferred in the business combination, the amount of non-controlling interests recognised and the fair value of the Group's previously held equity interest in the acquiree (if any), over the net fair value of the acquiree's identifiable assets and liabilities at the date of acquisition is recorded as goodwill.

Where the latter amount exceeds the former, after reassessment, the excess represents a bargain purchase gain and is recognised in profit or loss immediately.

4.4 Functional and Foreign Currencies

(a) Functional and presentation currency

The individual financial statements of each entity in the Group are presented in Ringgit Malaysia ("RM"), which is the Company's functional and presentation currency.

The consolidated financial statements are presented in Ringgit Malaysia ("RM"), which is the Company's functional and presentation currency.

(b) Foreign currency transactions and balances

Transactions in foreign currencies are converted into the respective functional currencies on initial recognition, using the exchange rates at the transaction dates. Monetary assets and liabilities at the end of the reporting period are translated at the exchange rates ruling as of that date. Non-monetary assets and liabilities are translated using exchange rates that existed when the values were determined. All exchange differences are recognised in profit or loss.

4.5 Financial Instruments

Financial assets and financial liabilities are recognised in the statements of financial position when the Group has become a party to the contractual provisions of the instruments.

Financial instruments are classified as financial assets, financial liabilities or equity instruments in accordance with the substance of the contractual arrangement and their definitions in MFRS 132. Interest, dividends, gains and losses relating to a financial instrument classified as a liability, are reported as an expense or income. Distributions to holders of financial instruments classified as equity are charged directly to equity.

Financial instruments are offset when the Group has a legally enforceable right to offset and intends to settle either on a net basis or to realise the asset and settle the liability simultaneously.

A financial instrument is recognised initially at its fair value (other than trade receivables without significant financing component which are measured at transaction price as defined in MFRS 15 at inception). Transaction costs that are directly attributable to the acquisition or issue of the financial instrument (other than a financial instrument at fair values through profit or loss) are added to/deducted from the fair value on initial recognition, as appropriate. Transaction costs on the financial instrument at fair value through profit or loss are recognised immediately in profit or loss.

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.5 Financial Instruments (cont'd)

Financial instruments recognised in the statements of financial position are disclosed in the individual policy statement associated with each item.

(a) Financial assets

All recognised financial assets are measured subsequently in their entirety at either amortised cost or fair value (through profit or loss, or other comprehensive income), depending on the classification of the financial assets.

Deht Instruments

(i) Amortised cost

The financial asset is held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest. Interest income is recognised by applying the effective interest rate to the gross carrying amount of the financial asset. When the asset has subsequently become credit-impaired, the interest income is recognised by applying the effective interest rate to the amortised cost of the financial asset.

The effective interest method is a method of calculating the amortised cost of a financial asset and of allocating interest income over the relevant period. The effective interest rate is the rate that discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts), excluding expected credit losses, through the expected life of the financial asset or a shorter period (where appropriate).

(ii) Fair value through other comprehensive income

The financial asset is held for both collecting contractual cash flows and selling the financial asset, where the asset's cash flows represent solely payments of principal and interest. Movements in the carrying amount are taken through other comprehensive income and accumulated in the fair value reserve, except for the recognition of impairment, interest income and foreign exchange difference which are recognised directly in profit or loss. Interest income is calculated using the effective interest rate method.

(iii) Fair value through profit or loss

All other financial assets that do not meet the criteria for amortised cost or fair value through other comprehensive income are measured at fair value through profit or loss. The fair value changes do not include interest or dividend income.

The Group reclassifies debt instruments when and only when its business model for managing those assets change.

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.5 Financial Instruments (cont'd)

(a) Financial assets (cont'd)

Equity Instruments

All equity investments are subsequently measured at fair value with gains and losses recognised in profit or loss except where the Group has elected to present the subsequent changes in fair value in other comprehensive income and accumulated in the fair value reserve at initial recognition.

The designation at fair value through other comprehensive income is not permitted if the equity investment is either held for trading or is designated to eliminate or significantly reduce a measurement or recognition inconsistency that would otherwise arise.

Dividend income from this category of financial assets is recognised in profit or loss when the Group's right to receive payment is established unless the dividends clearly represent a recovery of part of the cost of the equity investments.

(b) Financial liabilities

(i) Financial liabilities at fair value through profit or loss

Fair value through profit or loss category comprises financial liabilities that are either held for trading or are designated to eliminate or significantly reduce a measurement or recognition inconsistency that would otherwise arise. The changes in fair value of these financial liabilities are recognised in profit or loss.

(ii) Other financial liabilities

Other financial liabilities are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts), through the expected life of the financial liability or a shorter period (where appropriate).

(c) Equity instruments

Equity instruments classified as equity are measured initially at cost and are not remeasured subsequently.

Ordinary shares

Ordinary shares are classified as equity and recorded at the proceeds received, net of directly attributable transaction costs.

Dividends on ordinary shares are recognised as liabilities when approved for appropriation.

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.5 Financial Instruments (cont'd)

(d) Derecognition

A financial asset or part of it is derecognised when, and only when, the contractual rights to the cash flows from the financial asset expire or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. On derecognition of a financial asset measured at amortised cost, the difference between the carrying amount of the asset and the sum of the consideration received and receivable is recognised in profit or loss. In addition, on derecognition of a debt instrument classified as fair value through other comprehensive income, the cumulative gain or loss previously accumulated in the fair value reserve is reclassified from equity to profit or loss. In contrast, there is no subsequent reclassification of the fair value reserve to profit or loss following the derecognition of an equity investment.

A financial liability or a part of it is derecognised when, and only when, the obligation specified in the contract is discharged or cancelled or expires. On derecognition of a financial liability, the difference between the carrying amount of the financial liability extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

4.6 Investment in Subsidiaries

Investments in subsidiaries are stated at cost in the statement of financial position of the Company, and are reviewed for impairment at the end of the reporting period if events or changes in circumstances indicate that the carrying values may not be recoverable. The cost of the investments includes transaction costs.

On the disposal of the investments in subsidiaries, the difference between the net disposal proceeds and the carrying amount of the investments is recognised in profit or loss.

4.7 Property, Plant and Equipment

All items of property, plant and equipment are initially measured at cost. Cost includes expenditure that are directly attributable to the acquisition of the asset and other costs directly attributable to bringing the asset to working condition for its intended use.

Subsequent to initial recognition, all property, plant and equipment are stated at cost less accumulated depreciation and any impairment losses.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when the cost is incurred and it is probable that the future economic benefits associated with the asset will flow to the Group and the cost of the asset can be measured reliably. The carrying amount of parts that are replaced is derecognised. The costs of the day-to-day servicing of property, plant and equipment are recognised in profit or loss as incurred.

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.7 Property, Plant and Equipment (cont'd)

Freehold land is not depreciated. Depreciation on other property, plant and equipment is charged to profit or loss (unless it is included in the carrying amount of another asset) on a straight-line method to write off the depreciable amount of the assets over their estimated useful lives. Depreciation of an asset does not cease when the asset becomes idle or is retired from active use unless the asset is fully depreciated. The principal annual rates used for this purposes are:-

Factory buildings

Factory equipment, plant and machinery

Showroom, renovation, office equipment, furniture and fittings

Motor vehicles

2%

12.5 - 20%

10 - 20%

20%

Capital work-in-progress included in property, plant and equipment are not depreciated as these assets are not yet available for use.

The depreciation method, useful lives and residual values are reviewed and adjusted if appropriate, at the end of each reporting period to ensure that the amount, method and period of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of property, plant and equipment. Any changes are accounted for as a change in estimate.

When significant parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising from derecognition of the assets, being the difference between the net disposal proceeds and the carrying amount, is recognised in profit or loss.

4.8 Impairment

(a) Impairment of financial assets

The Group recognises a loss allowance for expected credit losses on investments in debt instruments that are measured at amortised cost and trade receivables.

The expected credit loss is estimated as the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive, discounted at the original effective interest rate.

The amount of expected credit losses is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial instrument. The Group always recognises lifetime expected credit losses for trade receivables using the simplified approach. The expected credit losses on these financial assets are estimated using a provision matrix based on the Group's historical credit loss experience and are adjusted for forward-looking information (including time value of money where appropriate).

For all other financial instruments, the Group recognises lifetime expected credit losses when there has been a significant increase in credit risk since initial recognition. However, if the credit risk on the financial instrument has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses.

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.8 Impairment (cont'd)

(a) Impairment of financial assets (cont'd)

The Group recognises an impairment gain or loss in profit or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account, except for investments in debt instruments that are measured at fair value through other comprehensive income, for which the loss allowance is recognised in other comprehensive income and accumulated in the fair value reserve, and does not reduce the carrying amount of the financial asset in the statement of financial position.

(b) Impairment of non-financial assets

The carrying values of assets, other than those to which MFRS 136 - Impairment of Assets does not apply, are reviewed at the end of each reporting period for impairment when an annual impairment assessment is compulsory or there is an indication that the assets might be impaired. Impairment is measured by comparing the carrying values of the assets with their recoverable amounts. When the carrying amount of an asset exceeds its recoverable amount, the asset is written down to its recoverable amount and an impairment loss shall be recognised. The recoverable amount of an asset is the higher of the assets' fair value less costs to sell and its value-in-use, which is measured by reference to discounted future cash flows using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Where it is not possible to estimate the recoverable amount of an individual asset, the Group determines the recoverable amount of the cash-generating unit to which the asset belongs.

An impairment loss is recognised in profit or loss immediately unless the asset is carried at its revalued amount. Any impairment loss of a revalued asset is treated as a revaluation decrease to the extent of a previously recognised revaluation surplus for the same asset. Any impairment loss recognised in respect of a cash-generating unit is allocated first to reduce the carrying amount of any goodwill allocated to the cash-generating unit and then to reduce the carrying amounts of the other assets in the cash-generating unit on a pro rata basis.

In respect of assets other than goodwill, and when there is a change in the estimates used to determine the recoverable amount, a subsequent increase in the recoverable amount of an asset is treated as a reversal of the previous impairment loss and is recognised to the extent of the carrying amount of the asset that would have been determined (net of amortisation and depreciation) had no impairment loss been recognised. The reversal is recognised in profit or loss immediately.

4.9 Leases

Prepayments for the acquisition of leasehold land prior to the issuance of title i.e. the commencement of lease are capitalised as prepaid lease upon payments. Such amount shall be reclassified as right-of-use assets upon the commencement of lease.

The Group assesses whether a contract is or contains a lease, at the inception of the contract. The Company recognises a right-of-use asset and corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for low-value assets and short-term leases with 12 months or less. For these leases, the Group recognises the lease payments as an operating expense on a straight-line method over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed.

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use assets and the associated lease liabilities are presented as a separate line item in the statement of financial position.

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.9 Leases (cont'd)

The right-of-use asset is initially measured at cost. Cost includes the initial amount of the corresponding lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred, less any incentives received.

The right-of-use asset is subsequently measured at cost less accumulated depreciation and any impairment losses, and adjustment for any remeasurement of the lease liability. The depreciation starts from the commencement date of the lease. If the lease transfers ownership of the underlying asset to the Company or the cost of the right-of-use asset reflects that the Group expects to exercise a purchase option, the related right-of-use asset is depreciated over the useful life of the underlying asset. Otherwise, the Group depreciates the right-of-use asset to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of the right-of-use assets are determined on the same basis as those property, plant and equipment.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the rate implicit in the lease. If this rate cannot be readily determined, the Company uses its incremental borrowing rate.

The lease liability is subsequently measured at amortised cost using the effective interest method. It is remeasured when there is a change in the future lease payments (other than lease modification that is not accounted for as a separate lease) with the corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recognised in profit or loss if the carrying amount has been reduced to zero.

4.10 Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined based on specific identification and first-in, first-out method, where appropriate, and comprise the purchase price, production or conversion cost and incidentals incurred in bringing the inventories to their present location and condition. The cost of conversion includes cost directly related to the units of production, and a proportion of fixed production overheads based on normal capacity of the production facilities.

Net realisable value represents the estimated selling price less the estimated costs of completion and the estimated costs necessary to make the sale.

4.11 Income Taxes

(a) Current tax

Current tax assets and liabilities are expected amount of income tax recoverable or payable to the taxation authorities.

Current taxes are measured using tax rates and tax laws that have been enacted or substantively enacted at the end of the reporting period and are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss (either in other comprehensive income or directly in equity).

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.11 Income Taxes (cont'd)

(b) Deferred tax

Deferred tax is recognised using the liability method for all temporary difference other than those that arise from goodwill or from the initial recognition of an asset or liability in a transaction which is not a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on the tax rates that have been enacted or substantively enacted at the end of the reporting period.

Deferred tax assets are recognised for all deductible temporary differences, unused tax losses and unused tax credits to the extent that it is probable that future taxable profits will be available against which the deductible temporary differences, unused tax losses and unused tax credits can be utilised. The carrying amounts of deferred tax assets are reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that the related tax benefits will be realised.

Current and deferred tax items are recognised in correlation to the underlying transactions either in profit or loss, other comprehensive income or directly in equity. Deferred tax arising from a business combination is adjusted against goodwill or negative goodwill.

Current tax assets and liabilities or deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when the deferred taxes relate to the same taxable entity (or on different tax entities but they intend to settle current tax assets and liabilities on a net basis) and the same taxation authority.

4.12 Cash and Cash Equivalents

Cash and cash equivalents comprise cash in hand, bank balances and demand deposits that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value with original maturity periods of three months or less. For the purpose of the statements of cash flows, cash and cash equivalents are presented net of bank overdrafts.

4.13 Employee Benefits

(a) Short-term benefits

Wages, salaries, paid annual leave and bonuses are measured on an undiscounted basis and are recognised in profit or loss in the period in which the associated services are rendered by employees of the Group.

(b) Defined contribution plans

The Group's contributions to defined contribution plans are recognised in profit or loss in the period to which they relate. Once the contributions have been paid, the Group has no further liability in respect of the defined contribution plans.

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.14 Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using a valuation technique. The measurement assumes that the transaction takes place either in the principal market or in the absence of a principal market, in the most advantageous market. For non-financial asset, the fair value measurement takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

For financial reporting purposes, the fair value measurements are analysed into level 1 to level 3 as follows:-

Level 1 : Inputs are quoted prices (unadjusted) in active markets for identical assets or liability that the entity can access at the measurement date;

Level 2 : Inputs are inputs, other than quoted prices included within level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 : Inputs are unobservable inputs for the asset or liability.

The transfer of fair value between levels is determined as of the date of the event or change in circumstances that caused the transfer.

4.15 Revenue from Contracts with Customers

Revenue is recognised by reference to each distinct performance obligation in the contract with customer and is measured at the consideration specified in the contract of which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, net of sales and service tax, returns, rebates and discounts.

The Group recognises revenue when it transfers control over a product or service to customer. An asset is transferred when the customer obtains control of that asset.

The Group transfers control of a good or service at a point in time unless one of the following overtime criteria is met:-

- The customer simultaneously receives and consumes the benefits provided as the Group performs.
- The Group's performance creates or enhances an asset that the customer controls as the asset is created or enhanced.
- The Group's performance does not create an asset with an alternative use and the Group has an enforceable right to payment for performance completed to date.

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.15 Revenue from Contracts with Customers (cont'd)

Sale of Furniture and Furniture Parts

Revenue from sale of furniture and furniture parts is recognised when the Group has transferred control of the goods to the customer, being when the goods have been delivered to the customer and upon its acceptance. Following delivery, the customer has full discretion over the manner of distribution and price to sell the goods, and bears the risks of obsolescence and loss in relation to the goods.

A receivable is recognised when the goods are delivered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

4.16 Revenue from Other Sources and Other Operating Income

(a) Dividend income

Dividend income from investment is recognised when the right to receive dividend payment is established.

(b) Interest income

Interest income is recognised on an accrual basis using the effective interest method.

(c) Government grant

Government grant that compensates the Group for expenses incurred are recognised in profit or loss on a systematic basis over the period necessary to match them with the related expenses which they are intended to compensate for.

(d) Rental income

Rental income is accounted for on a straight-line method over the lease term.

4.17 Operating Segments

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. An operating segment's operating results are reviewed regularly by the chief operating decision maker to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.18 Research and Development Expenditure

Research expenditure is recognised as an expense when it is incurred.

Development expenditure is recognised as an expense except that costs incurred on development projects are capitalised as non-current assets to the extent that such expenditure is expected to generate future economic benefits. Development expenditure is capitalised if, and only if, an entity can demonstrate all of the following:-

- (a) its ability to measure reliably the expenditure attributable to the asset under development;
- (b) the product or process is technically and commercially feasible;
- (c) its future economic benefits are probable;
- (d) its intention to complete and the ability to use or sell the developed asset; and
- (e) the availability of adequate technical, financial and other resources to complete the asset under development.

Capitalised development expenditure is measured at cost less accumulated amortisation and impairment losses, if any. Development expenditure initially recognised as an expense is not recognised as assets in the subsequent period.

The development expenditure is amortised on a straight-line method over a period of 5 years when the products are ready for sale or use. In the event that the expected future economic benefits are no longer probable of being recovered, the development expenditure is written down to its recoverable amount.

4.19 Earnings per Ordinary Share

Basic earnings per ordinary share is calculated by dividing the consolidated profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the reporting period, adjusted for own shares held.

Diluted earnings per ordinary share is determined by adjusting the consolidated profit or loss attributable to ordinary shareholders of the Company and the weighted average number of ordinary shares outstanding, adjusted for the effects of all dilutive potential ordinary shares.

Impairment testing of goodwill

Goodwill arising from business combinations has been allocated to the cash-generating unit ("CGU") for impairment testing on an annual basis by comparing the carrying amount with the recoverable amount of the CGU based on value-in-use. The goodwill was allocated to design, manufacturing and sale of furniture and furniture parts, which comprises a CGU namely Embrace Industries Sdn. Bhd.. Value-in-use is determined by discounting the future cash flows to be generated from the continuing use of the CGU based on the following assumptions:-

- Cash flows are projected based on the management's five-year business plan.
- Discount rates used for cash flows discounting purpose are the pre-tax discount rate which reflects specific risks relating to the relevant operating segments. The discount rate applied for cash flow projection is 12.86% (2020: 8.78%).
- Annual growth rate of 5.40% (2020: 6.50%) for the CGU is determined based on the management's estimate of the industry trends and past performances of the CGU.

The management is not aware of any reasonably possible change in the above key assumptions that would cause the carrying amounts of the CGU to materially exceed their recoverable amounts.

10. DEFERRED TAX ASSETS / (LIABILITIES)

25. EARNINGS PER SHARE

(a) Basic earnings per share

Basic earnings per ordinary share is calculated by dividing the profit attributable to the owners of the Company by the weighted average number of ordinary shares in issue during the financial year.

| | 2021 RM | Group 2020 RM |
|---|-------------|---------------------|
| Profit after tax attributable to owners of the Company | 22,329,535 | 23,575,349 |
| | Units | Units |
| Weighted average number of ordinary shares at 31 August | 403,698,007 | 375,025,551 |
| Basic earnings per ordinary share (sen) | 5.53 | 6.29 |

25. EARNINGS PER SHARE (CONT'D)

(b) Diluted earnings per share

| | | Group |
|---|------------|------------|
| | 2021 RM | 2020 RM |
| | | |
| Profit attributable to owners of the Company for diluted earnings per share computation | 22,329,535 | 23,575,349 |

| | Units | Units |
|---|-------------|-------------|
| Weighted average number of ordinary shares for diluted earnings per share computation | 448,508,693 | 375,025,551 |
| Diluted earnings per ordinary share (sen) | 4.98 | 6.29 |

- (i) For comparative purpose, the earnings per share for the year ended 31 August 2020 had been adjusted to reflect the bonus issue of 1 for every 4 existing ordinary shares which was completed on 16 December 2020.
- (ii) There is no dilutive effect of the potential ordinary shares convertible under warrants issued for the year ended 31 August 2020 since the adjusted exercise price is above the average market value of the Company's shares.

31. FINANCIAL INSTRUMENTS

The Group's activities are exposed to variety of market risks (including foreign currency risk), credit risk and liquidity risk. The Group's overall financial risk management policy focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial performance.

31.1 Financial Risk Management Policies

The Group's policies in respect of the major areas of treasury activity are as follows:-

(a) Market risk

(i) Foreign currency risk

The Group is exposed to foreign currency risk on transactions and balances that are denominated in currencies other than the respective functional currency of entities within the Group. The currencies giving rise to this risk are primarily Euro and United States Dollar ("USD"). Foreign currency risk is monitored closely on an ongoing basis to ensure that the net exposure is at an acceptable level. On occasion, the Group enters into forward foreign exchange contracts to hedge against its foreign currency risk. The Group also holds cash and cash equivalents denominated in foreign currencies for working capital purposes.

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Group's exposure to interest rate risk arises primarily from their fixed deposits placed with licensed banks as it does not have any interest-bearing borrowings.

The Group's fixed deposits with licensed banks are carried at amortised cost. Therefore, they are not subject to interest rate risk as defined in MFRS 7 since neither carrying amounts nor the future cash flows will fluctuate because of a change in market interest rates.

(iii) Equity price risk

The Group does not have any quoted investments and hence, is not exposed to equity price risk.

(b) Credit risk

The Group's exposure to credit risk, or the risk of counterparties defaulting, arises mainly from trade and other receivables. The Group manages its exposure to credit risk by the application of credit approvals, credit limits and monitoring procedures on an ongoing basis. For other financial assets (including cash and bank balances), the Group minimises credit risk by dealing exclusively with high credit rating counterparties.

The Company's exposure to credit risk arises principally from advances to subsidiaries. The Company monitors the results of these subsidiaries regularly and repayments made by the subsidiaries.

31. FINANCIAL INSTRUMENTS (CONT'D)

31.1 Financial Risk Management Policies (cont'd)

(b) Credit risk (cont'd)

(i) Credit risk concentration profile

The Group's major concentration of credit risk relates to the amounts owing by three (3) (2020: two (2)) trade receivables, the balances of each is equal to or more than 10% of total balances constituting approximately 64% (2020: 36%) of its trade receivables at the end of the reporting period.

In addition, the Group also determines concentration of credit risk by monitoring the geographical region of its trade receivables on an ongoing basis. The credit risk concentration profile of the Group's trade receivables at the end of the reporting period is as follows:-

| | | Group | | |
|--|------------|------------|--|--|
| | 2021 RM | 2020 RM | | |
| Africa and Middle East | - | 58,845 | | |
| Americas and European Countries | 621,482 | 5,083,811 | | |

| Malaysia | 989,493 | 1,122,650 | | |
| | 2,806,645 | 14,725,324 | | |

(ii) Exposure to credit risk

At the end of the reporting period, the maximum exposure to credit risk is represented by the carrying amount of each class of financial assets recognised in the statements of financial position of the Group and of the Company after deducting any allowance for impairment losses (where applicable).

(iii) Assessment of impairment losses

At each reporting date, the Group assesses whether any of the financial assets at amortised cost are credit impaired.

The gross carrying amounts of financial assets are written off when there is no reasonable expectation of recovery (i.e. the debtor does not have assets or sources of income to generate sufficient cash flows to repay the debt) despite the fact that they are still subject to enforcement activities.

Trade receivables

The Group applies the simplified approach to measure expected credit losses which uses a lifetime expected loss allowance for all trade receivables.

To measure the expected credit losses, trade receivables have been grouped based on shared credit risk characteristics and the days past due.

31. FINANCIAL INSTRUMENTS (CONT'D)

31.1 Financial Risk Management Policies (cont'd)

(b) Credit risk (cont'd)

(iii) Assessment of impairment losses (cont'd)

Trade receivables (cont'd)

The Group considers any receivables having financial difficulty or with significant balances outstanding are deemed credit impaired.

The expected loss rates are based on the payment profiles of sales over a period of 24 months from the measurement date and the corresponding historical credit losses experienced within this period. The historical loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors affecting the ability of the customers to settle their debts.

The information about the exposure to credit risk and the loss allowances calculated under MFRS 9 for trade receivables are summarised below:-

| | Gross amount RM | Lifetime loss allowance RM | Carrying amount RM |
|----------------------------|-----------------------|-------------------------------------|--------------------------|
| Group | | | |

(iii) Assessment of impairment losses (cont'd)

Other receivables

Other receivables are also subject to the impairment requirements of MFRS 9, the identified impairment loss was immaterial and hence, it is not provided for.

Fixed deposits with licensed banks, cash and bank balances

The Group considers these banks and financial institutions have low credit risks. Therefore, the Group is of the view that the loss allowance is immaterial and hence, it is not provided for.

Amount owing by subsidiaries (non-trade balances)

The Company applies the general approach to measuring expected credit losses for all intercompany balances. Generally, the Company considers advances to subsidiaries have low credit risks. The Company assumes that there is a significant increase in credit risk when a subsidiary's financial position deteriorates significantly. As the Company is able to determine the timing of payments of the subsidiaries' advances when they are payable, the Company considers the advances to be in default when the subsidiaries are not able to pay when demanded. The Company considers a subsidiary's advance to be credit impaired when the subsidiary is unlikely to repay its advance in full or the subsidiary is continuously loss making or the subsidiary is having a deficit in its total equity.

The Company determines the probability of default for these advances individually using internal information available.

The information about the exposure to credit risk and the loss allowances calculated under MFRS 9 for amount owing by subsidiaries are summarised below:-

| Company | Gross amount RM | Lifetime loss allowance RM | Carrying amount RM |
|--------------------------------|-----------------------|-------------------------------------|--------------------------|
| 2021 Current (not past due) | 8,086,793 | - | 8,086,793 |
| 2020 Current (not past due) | 7,126,476 | - | 7,126,476 |

Based on the assessment performed, the identified impairment loss was immaterial and hence, it is not provided for.

31.2 Capital Risk Management

The Group defines capital as the total equity and debt of the Group. The objective of the Group's capital management is to maintain an optimal capital structure and ensuring availability of funds in order to support its businesses and related shareholders value. To achieve this objective, the Group may make adjustments to the capital structure in view of changes in economic conditions, such as adjusting the amount of dividend payment, returning of capital to shareholders or issuing new shares.

The Group monitors and maintains a prudent level of total debt to total equity ratio to optimise shareholders value and to ensure compliance with debt covenants and regulatory, if any.

There was no change in the Group's approach to capital management during the financial year.

31. FINANCIAL INSTRUMENTS (CONT'D)

31.5 Fair Value Information

At the end of the current reporting period, there are no financial instruments carried at fair value in the statements of financial position.

The fair values of the financial assets and financial liabilities of the Group and of the Company which are maturing within the next 12 months approximate their carrying amounts due to the relatively short-term maturity of the financial instruments or repayable on demand terms.

32. SIGNIFICANT EVENTS DURING THE FINANCIAL YEAR

(a) On 1 February 2021, a subsidiary of the Company, Embrace Industries Sdn. Bhd. ("EISB"), entered into a sale and purchase agreement with Khazanah Realty Sdn. Bhd. ("the Vendor") for the acquisition of two leasehold lands which located at PN 81402 Lot No. 11722 and PN 73632 Lot No. 11723, both of Mukim of Parit Bakar, District of Muar, State of Johor ("the said property") for a total purchase consideration of RM 5,717,643 and EISB has paid deposit of 50% amounting to RM 2,858,822.

Upon signing of this agreement, the following conditions precedent are to be fulfilled within three months from the date of this agreement with an extension of two months:

- (i) To obtain approval to construct the public infrastructure, factory building, planning permission and building plan;
- (ii) To obtain certification from the licensed Architect that the construction of the public infrastructure for Lot 11723 has been commenced; and
- (iii) To obtain consent of the State Authority to transfer Lot 11722 from the Vendor to the Company.

However, the Vendor has breached the undertaking and failed or refused to assist EISB in applying to the authorities concerned for the approval to construct the public infrastructure, factory building, planning permission and the approval of building plan for the said property. Furthermore, the Vendor applied for the consent of the State Authority after 4 months from the agreement. Thus, EISB alleged the Vendor had waived the conditions precedent and time is at large. EISB had filed a writ of summons in the High Court on 24 September 2021 for claiming a declaration that the Vendor is not entitled to terminate the agreement.

On 5 November 2021, the Vendor's solicitors had filed a Statement of Defence and Counterclaim. EISB had then filed an amended Statement of Claim and a Reply to Defence and Defence to Counterclaim on 29 November 2021. The matter is now fixed for case management on 14 December 2021.

EISB does not expect any losses to arise by reason of the commencement of this civil proceedings other than legal cost and time in initiating the claim.

As of the reporting date, the transaction is pending completion.

32. SIGNIFICANT EVENTS DURING THE FINANCIAL YEAR (CONT'D)

(b) During the financial year, the Malaysian Government implemented various types and phases of movement control order throughout the country where restrictions were either relaxed and/or tightened for certain states, districts and/or location based on the number of daily and active Covid-19 cases in the respective areas. Following the further imposition of full movement control order ("FMCO") since 1 June 2021, all economic sectors are not allowed to operate except the essential services and economic sectors identified by the National Security Council.

During the FMCO period, the Company ceased its business operation. However, on 11 June 2021, Majlis Keselamatan Negara (MKN) has agreed to allow all loading and unloading activities of non-essential cargo at factory warehouses which only involve deliveries and receiving of cargo or removal of cargo for the purpose of import and export from/to ports and airports during the FMCO period. The Ministry of Transport (MOT) has issued an updated Standard Operating Procedures (SOP) for Transport and Logistics and guidelines for loading or unloading on 15 June 2021. Hence, the Company had been allowed to load or unload the cargo starting from 15 June 2021.

Overall, the Covid-19 global pandemic has not resulted in any material impairment to the Group's assets (including inventories and receivables) as of 31 August 2021 or affected the Group's ability to continue its business as a going concern. Same for the cessation of business operations during FMCO, the Covid-19 global pandemic did not have any material impact on the Group's operations and financial performance for the financial year ended 31 August 2021.

33. SIGNIFICANT EVENT OCCURRING AFTER THE REPORTING PERIOD

Since the end of the reporting period, the Group has resumed its business operations on 17 September 2021 when their workers have observed a 14-day waiting period after their full inoculation.

The Group will continuously monitor the development of Covid-19 pandemic, and the disruption to its business activities caused by the prolonged effect of such pandemic and/or restrictions in the market which the Group operates and/or any subsequent MCO or similar measure imposed by Malaysia Government and evaluate their impact on the financial position, cash flows and operating results of the Group.

"THAT, subject always to the Companies Act 2016, the Constitution of the Company and approvals and requirements of the relevant governmental and/or regulatory authorities (where applicable), the Directors of the Company be hereby empowered pursuant to Section 75 of the Companies Act 2016, to allot and issue new ordinary shares in the Company, from time to time and upon such terms and conditions and for such purposes and to such persons and to such persons whomsoever the Directors may, in their absolute discretion deem fit and expedient in the interest of the Company, provided that the aggregate number of shares to be issued during the preceding twelve (12) months does not exceed ten percent (10%) of the total number of the issued shares of the Company for the time being AND THAT the Board of Directors be hereby also empowered to obtain approval for the listing of and quotation for the additional shares so issued on Bursa Malaysia Securities Berhad."

10. Proposed renewal of authority for the Company to purchase its own ordinary shares up to ten percent (10%) of its issued share capital

(Ordinary Resolution 10)

"THAT, subject to compliance with the Companies Act 2016, the Constitution of the Company, the Main Market Listing Requirements of Bursa Malaysia Securities Berhad and all other applicable laws, regulations and guidelines and the approvals of all relevant governmental and/or regulatory authorities, the Company be hereby given full authority, to seek shareholders' approval for the renewal of authority for the Company to purchase and/or such amount of ordinary shares in the Company ("Shares") through Bursa Malaysia Securities Berhad upon such terms and conditions as the Directors may deem fit in the interest of the Company provided that:

- (i) the aggregate number of Shares so purchased and/or held pursuant to this ordinary resolution ("Purchased Shares") does not exceed ten percent (10%) of the total issued and paid-up capital of the Company; and
- (ii) the maximum amount of funds to be allocated for the Purchased Shares shall not exceed the aggregate of the retained profits of the Company;

THAT the Directors be hereby authorised to decide at their discretion either to retain the Purchased Shares as treasury shares (as defined in Section 127 of the Companies Act 2016) and/or to cancel the Purchased Shares and/or to retain the Purchased Shares as treasury shares for distribution as share dividends to the shareholders of the Company and/or be resold through Bursa Malaysia Securities Berhad in accordance with the relevant rules of Bursa Malaysia Securities Berhad and/or cancelled subsequently and/or to retain part of the Purchased Shares as treasury shares and/or cancel the remainder and to deal with the Purchased Shares in such other manner as may be permitted by the Companies Act 2016, rules, regulations, guidelines, requirements and/or orders of Bursa Malaysia Securities Berhad and any other relevant authorities for the time being in force;

AND THAT such approval and authorisation shall only continue to be in force until:

- (i) the conclusion of the next Annual General Meeting of the Company following the general meeting at which such resolution was passed at which time it shall lapse unless by ordinary resolution passed at that meeting, the authority is renewed, either unconditionally or subject to conditions; or
- (ii) the expiration of the period within which the next Annual General Meeting after that date is required by law to be held; or
- (iii) revoked or varied by an ordinary resolution passed by the shareholders of the Company in a general meeting,

whichever occurs first;

AND FURTHER THAT the Directors of the Company be authorised to do all such acts and things (including, without limitation executing all such documents as may be required) as they may consider expedient or necessary to give full effect to this mandate."

11. To transact any other ordinary business of which due notice shall have been given.

NOTICE OF ENTITLEMENT DATE AND DIVIDEND PAYMENT

NOTICE IS ALSO HEREBY GIVEN THAT subject to the approval of the shareholders at the Fourteenth Annual General Meeting, the proposed final single-tier dividend of 0.6 sen per ordinary share in respect of the financial year ended 31 August 2021, will be paid on 11 March 2022 to depositors registered in the Record of Depositors of the Company at the close of business on 18 February 2022.

A depositor shall qualify for entitlement only in respect of:-

Company Secretaries

Muar, Johor Darul Takzim 24 December 2021

Notes:-

- (A) This Agenda item is meant for discussion only as provision of Section 340(1)(a) of the Companies Act 2016 does not require a formal approval of the shareholders and hence, is not put forward for voting.
- 1. Members are to attend, speak (including posing questions to the Board via real time submission of typed texts) and vote (collectively, "participate") remotely at the Fourteenth Annual General Meeting via the Remote Participation and Voting facilities ("RPV") provided by Tricor Investor & Issuing House Services Sdn Bhd. A member who has appointed a proxy or attorney or authorised representative to participate in this Fourteenth Annual General Meeting via the RPV must request his/her proxy or attorney or authorised representative to register himself/herself for RPV via TIIH Online website at https://tiih.online. Please refer to the procedures set out in the Administrative Guide for the Fourteenth Annual General Meeting to register, participate and vote remotely via the RPV.
- 2. A proxy may but need not be a member of the Company pursuant to Section 334 of the Companies Act 2016.
- 3. To be valid, the duly completed form of proxy or power of attorney or certificate of appointment of corporate representatives, must be deposited at the Registered Office of the Company at No. 7, (1st Floor), Jalan Pesta 1/1, Taman Tun Dr. Ismail 1, Jalan Bakri, 84000 Muar, Johor Darul Takzim or electronically lodged with the poll administrator, not less than twenty-four (24) hours before the time of the Fourteenth Annual General Meeting. Please refer to the Administrative Guide for the Fourteenth Annual General Meeting on the procedures for electronic lodgement of form of proxy or power of attorney or certificate of appointment of corporate representatives.
- 4. In the event the member(s) duly executes the form of proxy but does not name any proxy, such member(s) shall be deemed to have appointed the Chairman of the Meeting as his/their proxy, provided always that the rest of the form of proxy, other than the particulars of the proxy, have been duly completed by the member(s).
- 5. A member shall be entitled to appoint more than one (1) proxy to attend and vote at the Fourteenth Annual General Meeting. Where a member appoints more than one (1) proxy, the appointment shall be invalid unless the member specifies the proportion of his/her shareholdings to be represented by each proxy.
- 6. Where a member of the Company is an Exempt Authorised Nominee which holds ordinary shares in the Company for multiple beneficial owners in one securities account ("Omnibus Account"), there is no limit to the number of proxies which the Exempt Authorised Nominee may appoint in respect of each Omnibus Account it holds.
- 7. Only members registered in the Record of Depositors as at 17 January 2022 shall be eligible to attend the Fourteenth Annual General Meeting or appoint a proxy to attend and vote on his behalf.

Explanation Note on Special Business:-

8. Approval of Directors' fees and allowances for the financial year ending 31 August 2022.

The Ordinary Resolution proposed under Item No. 2 (Ordinary Resolution 1) of the Notice of Fourteenth Annual General Meeting relate to the approval of Directors' fees and allowances for the financial year ending 31 August 2022

Directors' fees and allowances approved for the financial year ended 31 August 2021 was RM182,000.00. The Directors' fees and allowances proposed for the financial year ending 31 August 2022 are calculated based on the number of scheduled Board and Committee Meetings for 2022 and assuming that all the Non-Executive Directors will hold office until the end of the subject financial year.

This resolution is to facilitate payment of Directors' fees and allowances on a quarterly basis and/or as and when required. In the event the Directors' fees proposed are insufficient (e.g. due to more meetings), approval will be sought at the next Annual General Meeting for additional fees and allowances to meet the shortfall.

Proposed retention of Encik Mohd Khasan Bin Ahmad, Datuk Tay Puay Chuan and Mr Teo Seng Kuang as Independent Directors

The Ordinary Resolutions proposed under Items No. 6 – No. 8 (Ordinary Resolutions 6, 7 & 8) of the Notice of Fourteenth Annual General Meeting relate to the approval by shareholders for the named directors to retain as Independent Non-Executive Directors. The Board has assessed the independence of each of the directors who has served as Independent Non-Executive Directors of the Company for a cumulative term of more than nine (9) years. The Board is satisfied that each of these directors has met the independence guidelines as set out in Chapter 1 of the Main Market Listing Requirements. The length of their service does not interfere with their ability and exercise of independent judgement as Independent Directors. Therefore, the Board has recommended that the approval of the shareholders be sought for the continuing of office of Encik Mohd Khasan Bin Ahmad, Datuk Tay Puay Chuan and Mr Teo Seng Kuang as Independent Non-Executive Directors of the Company.

10. Proposed renewal of authority to Allot and Issue Shares pursuant to Section 75 of the Companies Act 2016

- (a) The Ordinary Resolution proposed under Item No. 9 (Ordinary Resolution 9), if passed, will grant a mandate ("General Mandate") empowering the Directors of the Company, from the date of the Fourteenth Annual General Meeting to allot and issue shares in the Company up to an amount not exceeding ten percent (10%) of the total issued and paid-up capital of the Company for the time being for such purposes as they may deem fit and in the interest of the Company. This authority, unless revoked or varied at a general meeting shall continue to be in full force until the conclusion of the next Annual General Meeting of the Company.
- (b) The General Mandate is a renewal of the previous mandate obtained at the last Annual General Meeting held on 29 January 2021 which will expire at the conclusion of the forthcoming Annual General Meeting.
- (c) As at the date of this Notice, the Company did not issue any new ordinary shares based on the previous mandate obtained at the last Annual General Meeting.
- (d) The General Mandate, if granted will provide flexibility to the Company for any possible fund raising activities, including but not limited to further placing of shares, for purpose of funding current and/or future investment project(s), working capital and/or acquisitions.

11. Proposed renewal of authority for the Company to purchase its own shares

The Ordinary Resolution proposed under Item No. 10 (Ordinary Resolution 10), if passed, will allow the Directors of the Company to exercise the power of the Company to purchase not more than ten percent (10%) of the total issued and paid-up share capital of the Company at any time within the time period stipulated in the Main Market Listing Requirements of Bursa Malaysia Securities Berhad. This authority, unless revoked or varied by the Company at a general meeting, shall continue to be in full force until the conclusion of the next Annual General Meeting of the Company.

Further details are set out in the Statement to Shareholders dated 24 December 2021.

12. Annual Report

The Annual Report for the financial year ended 31 August 2021 is now available at the Company's corporate website, www.homeritzcorp.com. Printed copy of the Annual Report shall be provided to the shareholders upon request soonest possible from the date of receipt of the request.

Notes:

- 1. Members are to attend, speak (including posing questions to the Board via real time submission of typed texts) and vote (collectively, "participate") remotely at the Fourteenth Annual General Meeting via the Remote Participation and Voting facilities ("RPV") provided by Tricor Investor & Issuing House Services Sdn Bhd. A member who has appointed a proxy or attorney or authorised representative to participate in this Fourteenth Annual General Meeting via the RPV must request his/ her proxy or attorney or authorised representative to register himself/herself for RPV via TIIH Online website at https:// tiih.online. Please refer to the procedures set out in the Administrative Guide for the Fourteenth Annual General Meeting to register, participate and vote remotely via the RPV.
- 2. A proxy may but need not be a member of the Company pursuant to Section 334 of the Companies Act 2016.
- 3. To be valid, the duly completed form of proxy or power of attorney or certificate of appointment of corporate representatives, must be deposited at the Registered Office of the Company at No. 7, (1st Floor), Jalan Pesta 1/1, Taman Tun Dr. Ismail 1, Jalan Bakri, 84000 Muar, Johor Darul Takzim or electronically lodged with the poll administrator, not less than twenty-four (24) hours before the time of the Fourteenth Annual General Meeting. Please refer to the Administrative Guide for the Fourteenth Annual General Meeting on the procedures for electronic lodgement of form of proxy or power of attorney or certificate of appointment of corporate representatives.
- 4. In the event the member(s) duly executes the form of proxy but does not name any proxy, such member(s) shall be deemed to have appointed the Chairman of the Meeting as his/their proxy, provided always that the rest of the form of proxy, other than the particulars of the proxy, have been duly completed by the member(s).
- 5. A member shall be entitled to appoint more than one (1) proxy to attend and vote at the Fourteenth Annual General Meeting. Where a member appoints more than one (1) proxy, the appointment shall be invalid unless the member specifies the proportion of his/her shareholdings to be represented by each proxy.
